HAMLIN, JONES COUNTY, TEXAS FRIDAY, MAY 17, 1946

NUMBER 28

Progress on Hospital for City on Time

REVISED PLANS BEING DRAWN FOR 35-ROOM UNIT TO BE CONTRACTED IN JUNE

Hamlin Memorial Hospital movement has moved along according to plan, association officials told The Herald this week, and revised plans for construction of the building are now being completed by a Wichita Falls architect. Actual contract for erection of the build is expected to be awarded in June.

The following official statement on the present status of the hospital is made by Bowen Pope, secretary of the hospital association:

"Contrary to reports in some quarters of Jones County that the efforts of the Hamlin people to create a modern cooperative hospital has 'bogged down,' we wish to state that everything from the very beginning of the charter to this date has gone according to plan.

"Without fanfare rally, boom and 'hoopla' the people have put up their money with a determination to do something for themselves and not ask to have an improvement in the Hamlin area at the expense of taxpayers in sections not interested.

"The Hamlin Memorial Hospital Association now has a membership of 330 families. To this date no committees or announced rally has been used.

"A beautiful block of land has been donated for the building. Architects are shaping up the final draft of the hospital floor plans and specifications. These will be available for contractors some time in June. The building will be modern and fire-proof. It will contain 35 rooms, besides corridors, etc.

"Look for an important notice in next week's Herald."

SUPERINTENDENT AND TEACHERS AT SCHOOLS RENAMED

Superintendent I. R. Huchingson was reelected for a three-year contract as head of the Hamlin School System when the Board of Education met last Wednesday in regular evening in regular session. The new term of office will begin July 1.

Huchingson is completing his first term as superintendent of the Hamlin schools. He came here from Roscoe to succeed Gordon Bennett.

Faculty of the Hamlin Schools was reelected for the 1946-47 term at the Wednesday board session also. The board commended the teaching faculty for their services during the past session.

Cooker Test Dates Cancelled.

Schedule of Hannah Nabors for pressure cooker testing on the dates of May 17 and 18 at Hamlin and Neinda has been cancelled due to the absence of the county home demonstration agent from the county on scheduled dates.

HAMLIN FOLKS CAN SEE THIS TUESDAY

Swan dives and other similar sporting thrills such as the one pictured above will feature the donkey baseball game Tuesday night at the city ball park. The game, sponsored by the Hamlin

Lions Club, will demonstrate sporting antics by a team from the civic group and one made up of other business men. Starting time of the benefit game is slated at 8:00 o'clock.

MORE RAIN COMES TO REGION IN FIVE SPELLS THIS WEEK

Rain—getting to be a regular visitor to these parts—made five pop-calls in the Hamlin region since last week's Herald was put to press. Total precipitation of .84 of an inch was recorded by J. M. Rountree, Hamlin city water superintendent.

These showers brought the total rainfall for the year to 8.27 inches. Rainfall of 4.30 inches was recorded for the preceding 10 days.

Last Thursday's shower measured only .01 of an inch. Friday turned in .26 of an inch; Sunday morning's rain gauged .02 of an inch; and a repeat performance of .02 of an inch fell Monday. Tuesday night's down-pour, climax of the five-day rainfall, amounted to .53 of an inch.

Still spotted over most of the Hamlin territory, sections north and west of Hamlin received more than inch and a half.

Although harvest of early wheat was slowed down some, the rain was welcome as the year's rainfall total so far is considerably below normal, and the ground can still soak up lots of moisture.

Planting operations of row crops was halted by the showers, too, but a little sunshine will permit planters to get back in the fields to sow cotton and head grains.

Little flurries of hail were reported over most of the section, but no great damage was reported to The Herald by Wednesday.

DIRT WORK PASSES McCAULEY ON NEW HIGHWAY PROJECT

Work on the Hamlin-McCauley-Sylvester highway job near McCauley is really taking shape this week. Huge dirt moving machines have been transforming the landscape as the territory has dried to permit movement of dirt on the right-of-way.

Working northeastward from the Santa Fe overpass on the Anson-Roby highway, workmen have already completed initial dirt work through the town of McCauley. This is virgin right-of-way, and the job has been carried on from "scratch." The territory generally is pretty flat, and no great cuts or fills have been encountered.

Old right-of-way from the overpass to McCauley has been on the Anson highway east of the overpass for about a mile, then north into the town. Straightening of the route to go up the railroad right-of-way will be one of the major straightening job of the new route. It is estimated the present route to Hamlin will be shortened 1.8 miles with the new highway.

Dirt moving machines are now at work northeast of Hamlin. Workmen are averaging probably half a mile a day on the initial right-of-way job.

NEW SCHOOL TO BE PUSHED AT CLOSE OF CURRENT TERM

Building program for the new \$125,000 elementary building is progressing as rapidly as possible until the term of school closes. After the close of school next week, the work is scheduled to open in full force, school officials declare.

North wing of the old building has been stripped by workmen of the contracting firm, T. E. Shelburne & Son, local builders. This section is the only part to be disturbed until after next week. Materials from this section were needed in the construction of a tool, office and supply house, and in the forming of the foundation.

Excavation of the foundation probably will begin this week-end, contractors declare. The new structure will be located nearer the street than the old structure in order to allow the playgrounds to be at the rear. It will center to the east on First Street as does the present building.

S. C. Ferguson Jr. Gets Commission as Ensign

S. C. Ferguson Jr. of Hamlin last Wednesday received his commission as ensign in the United States Navy when he graduated from the naval training division of the University of Oklahoma at Norman. He was one of 95 naval trainees receiving their diplomas from the school.

Son of Mr. and Mrs. S. C. Ferguson Sr. of Hamlin, the ensign had seen 10 months of active service in the Southwest Pacific as a member of the crew on the U. S. S. Mississippi. He has been in the Navy for three years.

S. C. will leave May 24 for San Francisco, California, where he will join the staff of the U. S. S. Ottawa, a Navy cargo ship plying Pacific waters.

A DISTANT HOSPITAL WASN'T ENOUGH

A Hamlin woman told us the other day that a relative who lives at Anson, after reading The Herald's first editorial about the county-wide hospital, remarked that "Your editor doesn't seem to want Anson to have a hospital, does he?"

If the Anson woman will reread our editorial she will observe that the first line of the article read: "Anson may need a hospital all her own." Anson now has a hospital some 20 miles away at Abilene. She has another one at Stamford, about 16 miles away. If these hospitals are not enough to care for her needs, then we believe she should build her a hospital.

These same hospitals at Abilene and Stamford and at Sweetwater, Rotan and other places nearby are not enough for Hamlin. That is why Hamlin is going to build a hospital all her own—so she can have hospitalization for her citizens close at hand when the occasion demands.

The only point Hamlin citizens are interested in is that we do not believe the entire county should be taxed to give Anson a hospital.

Of course, proponents of the proposed \$200,000 bond issue will tell you that the hospital will be a county-wide institution. Granted that be true, Hamlin still wants a hospital all its own. We are wondering how the Anson citizens would feel if Hamlin were to task all the county to vote bonds to build the Hamlin Hospital.

Again we say: Anson may need a hospital. But let Anson build the hospital with her own funds. How about a bond issue for the city of Anson to build the hospital?

Wheat Crop Of 245 Cars In Area Seen

HERALD PREDICTS YIELD FROM AREA WILL BRING RETURN OF \$629,000 TO GROWERS

Unless some unforeseen calamity comes within the next three or four weeks, Hamlin area wheat growers will ship more wheat this year than they did last season.

The Herald is going to "stick out its neck" and estimate a harvest of 370,000 bushels of wheat, which will be about 245 cars. Averaging \$1.65 per bushel, this would mean an income from the wheat crop of \$629,000. Current price for wheat in Hamlin is \$1.70 per bushel for No. 1 grade.

This statement is made after a pretty general survey made by The Herald this week of outlook of the grain situation in the Hamlin territory. Rains of two weeks ago have brought out the crop in a remarkable manner, and projected average yields of 10 bushels per acre on fields that were scheduled to reach harvest have been upped by raisers to an average of 14 to 16 bushels per acre.

In fact, a number of wheat farmers who were planning to graze fields three weeks ago are now predicting yields of 10 to 15 bushels in those fields.

Starr Inzer declared Tuesday he would average 10 to 12 bushels per acre on a 410-acre plot north of the oil mill that he did not intend to run a combine in three weeks ago. He said he would harvest between 7,000 and 9,000 bushels from his more than 600 acres in wheat.

First wheat harvested in the region was brought in Tuesday by Bert Whaley from his place eight miles northeast of Hamlin.

CHURCHES DISMISS TO BACCALAUREATE RITES FOR SCHOOL

All evening church services Sunday in Hamlin churches will be dismissed in deference to the baccalaureate services of Hamlin High School when Don Morris, president of Abilene Christian College will deliver the address to the graduating class. Services will be held in the Hamlin High School auditorium.

Members of the graduating class will occupy a special section of seats immediately in front of the stage during the program, school officials state.

Complete program for the evening follows:

Processional, Joy Agnew; invocation, Rev. E. L. Yeats, pastor of the Hamlin First Methodist Church; song, "Come, Thou Almighty King," by the congregation; announcements, Superintendent I. R. Huchingson; solo, "Oh, Lord, Be Merciful," Lester Morton; sermon, President Don Morris of Abilene Christian College; benediction, Rev. J. T. Crawford, pastor of the Hamlin Church of the Nazarene; recessional, Joy Agnew.

FIRST WHEAT SOLD

First wheat from the 1946 crop was harvested Tuesday by Bert Whaley from his place eight miles northeast of Hamlin.

Grading 61 of No. 1 quality, the grain brought top market of \$1.70 when sold to the Fred B. Moore Grain Company.

Part of an 80-acre wheat tract on the Whaley place, the grain was averaging about 14 bushels per acre. Because of rain late Tuesday, harvest probably will be delayed for several days by wet fields. The crop is being combined.

HEREFORD GROUP FEASTS TUESDAY AT HAMLIN Y-6 RANCH

Spacious ranch home of Mrs. Fay Young Morton and her mother, Mrs. Julia Young, made an ideal setting for the feature of the first day of tour made Tuesday by members of the West Texas Hereford Breeders Association, when more than 200 guests smacked their lips over delicious barbecue and all the trimmings.

The luncheon was the principal stop of the entourage in a busy day of inspection of Hereford farms in the territory north of Abilene, from where the group started early Tuesday morning. Visits were scheduled to be made south and east of Abilene on Wednesday and Thursday.

Prepared by Will and Parnella Foster of Abilene, the barbecue was said by old-timers to be as tasty as any they had eaten for months. Plenty of buns, red beans, stewed apples, vegetable salad, green onions and radishes, with iced tea, coffee and cake, completed the menu. The meal was served on the south lawn of the imposing native stone ranch home, five miles north of Hamlin.

Musical numbers were offered by Lester Morton, Hamlin soloist, and Hereford Breeder Roy Largent of Merkel even proved he can warble a hefty tune.

Following the barbecue dinner the group went to pastures and pens north of the house to inspect fine Hereford cattle. Club calves of members of the Future Farmers of America chapter of Hamlin High School also were exhibited at the Y-6 Ranch pens under supervision of T. C. Blankinship, instructor.

An estimated crowd of 160 in the tour was augmented by members of the Hamlin Lions Club and other guests that made a total attendance of about 240 people.

Bank Deposits Fail to Show Usual Decreases

Reflecting continued stability of the Hamlin community, deposits in Farmers & Merchants National Bank have held up remarkably well, officials of Hamlin's bank stated this week.

Ordinarily at this time of year deposits have shown losses averaging about \$25,000 per day, Active Vice President Ted Russell said Tuesday. Deposits in the institution have remained around \$3,500,000 for several months, he declared.

With more than half a million dollars expected to come from the wheat harvest within the next four weeks, deposits should continue to hold up well, bank officials believe.

Independents Tounce Darkies in Initial Game

"Batter up!" resounded at the city ball park Sunday afternoon for the first time this season when an independent nine engaged a baseball team from the colored section. The whites held the long end of a 7 to 2 score at the end of nine thrilling innings.

Made up of high school boys, coaches and young business men, the independent group is managed by Benny Ford.

Roscoe will be the scene Sunday afternoon at 3:00 o'clock of the next game on the nine's menu. A squad from Trent will meet the locals at the city ball park here May 26.

Diplomas Go To 54 Hamlin High Seniors

COMMENCEMENT EXERCISES TO BE GIVEN BY GRADUATES IN THURSDAY RITES

Theme of "Our High School" will used by the graduating class of Hamlin High School when they will be principals in their own commencement program next Thursday evening in the high school auditorium, it was announced this week by class officials. Exercises will begin at 8:15 o'clock Thursday evening.

Fifty-four seniors will receive diplomas during the course of the program, which will be presided over by Milton Johnson. "Reports" of activities of the school will be given by members of the class.

Complete program for the commencement exercises follows:

Processional, Mrs. L. B. Baker; invocation, Rev. John Osteen, pastor of Hamlin First Baptist Church; calling meeting to order by Chairman Milton Johnson; roll call and minutes, Elaine Kite.

Reports—"Our High School," Ida Frances Robertson; "The Arts and Science Courses," Dorothy Gene Huling; reading, "Life," Anna Margaret McBride; "The Vocational Courses," Mary Lou Smart; "The Commercial Courses," Wanda Lou Smith; "The Cultural and Fine Arts," Joe Clements; sextet, "Waltz of the Flowers" by Tschakowski, Ida Frances Robertson, Elaine Kite, Joyce Culbertson, Anna Margaret McBride, Diane Carlton and Sharlot Riddle; "Physical and Recreational Training," Elizabeth Butcher; new business; presentation of credentials (diplomas); election of permanent officers; adjournment; and benediction, Rev. E. L. Yeats, pastor of Hamlin First Methodist Church.

Seniors slated to receive diplomas in the Thursday evening ceremonies are: F. D. Bagwell, Lindol Beard, James Brown, Elizabeth Butcher, Diane Carlton, Arthur Tom Carlton, Wanda Rose Carrigan, Joe Wayne Carter, Joe Clements, Joe Collins, Billy Coltharp, Joyce Culbertson, Zona Lee Faulkenberry, Glenna Fudge, Marion Gilbert, Roland Goodgame, Betty Jo Green, Jack Gray, Edwin Hill, Dorothy Gene Huling, D. C. Hughes Jr., Wilda Lou Jean, Milton Johnson, Elaine Kite, Margaret McBride, Larry McCoy, Sammy McNeely, Jessie Myers, Charles Newland, Mildred Phipps, F. W. Poe Jr., Bill Pritchard, Sharlot Riddle, Ida Frances Robertson, J. D. Rodgers, Bebe Shelton, Mary Lou Smart, Opal Smart, Wanda Lou Smith, John Harold Steele, Wesley Tabb, Lorene Tabb, Winnie Beth Teague, Elmer Terrell Jr., Nellie Turner, Yuel Ulmer, Jerry Waggoner, Wanda Austin, Maudie Beene, Elizabeth Taylor, Peggy Wainscott, Marvene White and Naomi Ruth Young.

One-Cent Increase For Bread Allowed Monday

One-cent increase in the wholesale and retail price of bread became effective in Hamlin, as well as all over the country Monday. One and three-cent hikes also became effective on rolls and buns.

The price hike was allowed bakers to partially take care of gradual increases in the wholesale price of flour. Despite gradual rises in the cost of flour and other ingredients, bakers have not been permitted to increase the price of their products.

C. J. Adkins Assumes Revenue Service Place

C. J. Adkins, formerly of Hamlin, was recently transferred from the War Department district engineers office in San Antonio and has now become a deputy associated with the Internal Revenue Service of the treasury department, with offices at Houston.

Adkins was discharged from the Army Air Force February. He was a recent visitor here with his sister, Mrs. D. D. Shelburne.

WOMEN

IN THE

NEWS

Bridal Shower Given For Faye Martin Roberts

A bridal shower for Faye Martin Roberts was held in the home of Mrs. Barney Beavers Friday afternoon of last week.

The house was decorated in red roses and Queen Anne lace.

Attending and sending gifts were: Mmes. Alma Tidwell, George Scott, J. Ubben, L. H. Hopper, Elva Horton, Carl Greenway, Milo Gray, E. H. Smith, Barney Beavers, L. R. Winkles, William Scott, George Martin, R. L. Scott, Lester Scott, Sit Clay Patterson, W. F. Green, Roy Kelly, Jake Farmer, Delbert Rountree, Leonard Altum, Charlie Sellers, W. R. Wilkerson, C. E. LaBaum, Elmer Andress, Earl Crow, Frank Drennan, A. H. Abernathy, Ida Bruno, Claude Arnold, Frank Waggoner, Johnny Woods; Mr. and Mrs. Frank Martin, Inez LaBaum and Ida Jane Howard.

Mr. and Mrs. Roberts were married March 17. They will make their home at Los Angeles, California, in June when Mr. Roberts will be released from the Navy.

Mrs. Jim Richardson of Sundown and Mr. and Mrs. John Jenkins and son, Jimmy, of Hobbs, New Mexico, visited Mrs. O. L. Jenkins and Mrs. Lola Herbert Sunday.

EXHIBITS ART WORK

Twenty-seven pictures done in oils, pencil, water colors and pen-and-ink by Velma Lu Boyd of McCaulley, above, senior student at Abilene Christian College were presented in an art exhibit May 2 at Zeller Hall on the ACC campus. Daughter of Mr. and Mrs. Louis Boyd, Miss Boyd will receive her BA degree at ACC May 27.

Mr. and Mrs. Gene Robinson returned Thursday from a visit with his parents, Mr. and Mrs. John E. Robinson, at Tylertown, Mississippi. They also visited at Houston and New Orleans, Louisiana.

Frances Ubben of Hardin-Simmons University, Abilene, had as her guest here for the week-end Billie White of Lamesa. They visited with Frances' parents, Mr. and Mrs. J. Ubben.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

CARDUI

Velma Lu Boyd Gives Art Exhibit at ACC

Velma Lu Boyd of McCaulley, senior student at Abilene Christian College, presented an art exhibit Thursday evening, May 2, in the parlors of Zeller Hall on the ACC campus. Approximately 200 guests attended the exhibit, which included oils, pencil, scratch-board, water colors and pen-and-ink.

Roses, daisies and cyclamen were used in decorating the room. Cake and punch were served to attendants. The centerpiece was a novel and attractive arrangement of an artist's palette, made of white net bound with border of corn flowers in pink and blue. The palette was leaning against a bowl of corn flowers.

In the receiving line were Miss Tittle, art teacher, Miss Boyd, Mrs. Sikes and Mrs. McFarland, dormitory matrons, and Mrs. Louis Boyd.

Assisting Miss Boyd were her close girl friends of the college.

After having registered, the guests were given programs on which were the names of the 27 pictures on exhibit. A musical program was softly rendered throughout the evening.

Miss Boyd, daughter of Mr. and Mrs. Louis Boyd, is president of the Art Club, president of the McDonald Hall Council, member of the Ellen Richards Club, Mission Study and Campus Service Organizations. She will receive her BA degree May 27.

Attending the tea from this region were Mrs. Boyd of McCaulley, Holman and Buford Griffin of Rotan, Mrs. O. D. Weathersbee of Old Glory, Johnnie Tipton of Anson, Mrs. Joe Boyd, Mrs. George Harrell and Harrell Boyd of McCaulley.

Teddy Russell returned last week from St. Louis, Missouri, where he had been visiting with friends.

Bits of News About Your Friends

Othell Murphree and Billy Dillard spent the week-end visiting friends at Stamford.

Mrs. J. C. Turner Jr. is spending the week with her parents at Walters, Oklahoma.

Gerry Shira of Lubbock visited her parents, Mr. and Mrs. Ezra Shira, over the week-end.

Mrs. Clyde Murray of Breckenridge spent the week-end with her sister, Mrs. Mayme Akers.

Mr. and Mrs. G. M. Thompson of Abilene spent the week-end with their daughter, Mrs. W. C. Moore.

Mr. and Mrs. Ray Willingham and daughter of O'Donnell visited their mother, Mrs. Minnie Willingham, Sunday.

Mr. and Mrs. Marvin T. York Jr. of Dallas were guests over the week-end in the home of Mr. and Mrs. M. T. York Sr.

Mr. and Mrs. Jack Russell and daughter, Jackie Sue, of Midland visited his parents, Mr. and Mrs. W. C. Russell, Sunday.

Verna Mae Colwell of Texas State College for Women, Denton, spent the week-end with her parents, Mr. and Mrs. B. B. Colwell.

Phala Davis was home from Texas Christian University, Fort Worth, to spend the week-end with her parents, Mr. and Mrs. Landon V. Davis.

Lieutenant and Mrs. Billy Pickron were here over the week-end en route to Arizona, where Lieutenant Pickron is being transferred from Louisiana.

Mr. and Mrs. Sol Branscum, Mrs. Edwin Branscum and Mr. and Mrs. R. S. Johnson spent the past week at Corona, California, visiting Edwin Branscum, who is stationed there.

Garden Club Slates Flower Show This Fall

Hamlin Garden Club met in the home of Mrs. F. B. Moore Friday, May 10.

Mrs. W. C. Russell led an interesting program. She discussed "Outdoor Living Room, a Necessity." She was assisted by Mrs. Delma Shelburne, who discussed "Day Lilies a Delight."

A committee was appointed to make plans for the club to have a flower show this fall. It was voted not to have the annual garden pilgrimage this spring due to the dry weather earlier in the season.

When roll call was answered the group found that many of our most beautiful flowers grow wild in profusion in Texas.

Comrades Class Meets In Davis Home Monday

Mrs. Albert Chandler and Mrs. Hilon Shields were assistant hostesses Monday evening when the Comrades Sunday School Class of the First Methodist Church met in the home of Mrs. L. V. Davis Jr.

Attending the monthly business and social gathering were Mmes. W. H. Eyssen Jr., John D. Ferguson, Don Hymer, Loren Griffin, H. D. Burton, Alvis Hudson, Byron O. Bell, Ray Maberry, C. B. Phelps, Fred Hemphill, Buck Elder, J. Kent Jones, Homer Rainey, J. D. Rainey, Lewis E. Madden, Gordon Sproles, Marvin Madry, Jap Kemp and Pat Marlow; Mrs. E. M. Wilson, teacher, and Fay Stice.

CAMP FIRE GIRLS OF AREA CONTEMPLATE BIG TIME AT WESTEXACA NEAR LUEDERS

Highlight of the Camp Fire program in the West Texas Area Council of Camp Fire Girls will be the two sessions of Camp Westexaca to be held at the Lueders Baptist En-Campment. The first session opens May 24 and lasts until May 28, and is for all Blue Birds and Camp Fire Girls who are still in grammar school of this area. The second camp, which is for the older Camp Fire Girls, will be held June 9 to 15.

Hamlin Girls Scout leaders indicated this week that probably 40 or 50 girls from Hamlin will go to the camp.

Registrations for the first camp will begin on Friday, May 24, at 3:00 p. m., with the opening assembly scheduled for 4:00 o'clock. Activities will be launched with a circus that is to be presented immediately following supper.

In addition to the three usual meals each day, the children will enjoy a mid-morning lunch, afternoon pick-up and a bed-time snack.

A typical day's program will be: Reveille, flag raising, camp capers (clean-up to you), morning sing, craft, mid-morning lunch, craft, lunch, siesta, craft, afternoon pick-up, craft, shower, flag lowering, supper, evening program, bed-time snack, prayer time, taps.

Fee for the camp will be \$5 for those who leave on Sunday night and

\$8.50 for the ones who stay until the camp closes on Tuesday. Mrs. Fred Stockdale, executive of the West Texas Area Council, with headquarters at Stamford, who will be director of the camp, has stated that the registration fee of \$1 must be sent to the Camp Fire Girls office, Box 902, Stamford, by May 18. Remainder is to be paid upon arrival at camp.

With every six girls there will be one adult. A competent staff of counselors for the activities is assured. This is the second camp of the West Texas Area, the first camp being held last summer. The camp committee in each town will provide transportation to and from camp for the girls. The towns that are eligible to attend this camp are Albany, Anson, Aspermont, Hamlin, Haskell, Jayton, Knox City, Munday Rule, Rochester and Stamford. Colorado City is also invited.

City Council Asks for Cooperation in Cleanup

Sustained efforts of the City Council to keep Hamlin clean are reflected in the following notice issued this week by the official body:

"The City Council asks for your cooperation in the proper manner of handling your garbage disposal. Help us to safeguard your health and to keep our alleys clean. We ask that each merchant make provisions ample to care for the garbage and trash until the regular pick-up time for the sanitary truck.

"Please place all old tires, trash and junk near the garbage can and it will also be moved. Merchants working in cooperation with each other in a central garbage can are asked to please be sure that each does his part in the proper maintenance. Let's keep Hamlin clean! Thank you."

Wishing You the Same.

Sharp received from his friend McGreen a letter which bore no stamp and he had to pay postage due. The letter concluded:

"You will be delighted to hear that I am enjoying the best of health, old chap, Yours, McGreen."

Sharp wrapped up a large stone, and, without paying postage, sent it to McGreen with the following reply:

"This great weight rolled off my mind when I heard the good news."

CRIPPLED WALK YET

"You'll ge a knee-climber yet," Dr. W. A. Criswell tells chubby 10-month-old Jack Blake of Dodson, now undergoing club foot correction at the Texas Scottish Rite Hospital for Crippled Children in Dallas. Dr. Criswell, successor to Dr. George W. Truett as pastor of the First Baptist Church of Dallas, will be principal speaker at the hospital's ninth annual memorial services May 26. The ceremony honors the men and women of Texas who have bequeathed legacies to carry on the humane work of the hospital. The services will be broadcast at 3:30 p. m. over radio station KGKO.

REINSTATEMENT OF G. I. INSURANCE IS AIM FOR CAMPAIGN

Contact service of the Veterans' Administration this week was seeking every veteran who has let his G. I. insurance lapse to offer reinstatement without a medical examination. Hamlin area veterans were urged to take advantage of the reinstatement privilege.

Robert W. Sisson, Lubbock Veterans' Administration regional manager, said success of the campaign would result in invaluable service to thousands of veterans.

Ex-GI's can now reinstate policies without a medical examination, regardless of how long they have been out of the service, provided their health as grown no worse during the lapsed period, Sisson said.

"This liberalization is only effective until January 1, 1947," he has pointed out. "Time is running out for many of these veterans, and we must use every means to inform them of this priceless opportunity."

We feel like a cannibal every time we eat oysters.

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.
Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

THE WHEAT FARMER GETS A BREAK

Hamlin area wheat farmers got a break first of the week in announcement from Washington of a new ceiling price that reflected increase of 15 cents per bushel for wheat. A five-cent increase was permitted for oats, 26 cents for corn, nine cents for barley and 10 cents for rye. The action came as a joint move by the Office of Economic Stabilization, the Department of Agriculture and the Office of Price Administration.

The 15-cent-per-bushel increase makes the current price for No. 1 wheat at Hamlin \$1.70 per bushel. This is the best price for wheat in many years in the United States. The price level is the first major break the wheat farmer has had in making his crop give him the returns in proportion to production of other agricultural products. The \$1.70-per-bushel quotation will permit the wheat grower to keep somewhere nearly up with the costs of things he has to buy.

Designed primarily to remove the uncertainty concerning price ceilings between now and June 30, 1947, the hike also will encourage movement of grain for foreign and home use and bring the number of livestock into "proper balance" with feed balances. If it accomplishes its aim of reducing the number of livestock, it will mean more meat for consumers now, but less later.

HAMLIN BUILDS WITHOUT HULLABALOO

Stable, consistent building is a habit with Hamlin. Even newcomers to the area have been aware that this northwest Jones County metropolis has enjoyed a steady growth for months and months. When business houses and residences are under construction practically the year-around we are prone to take the progress of our town for granted and not realize that our home town is growing gradually and solidly.

We do not know of any town anywhere that is steadily growing any more than Hamlin, when the original size of the town is taken into consideration. The natives have only to go to other towns to see that they, too, are building, but Hamlin is holding its pace with all of them.

Right now there are several major business projects underway in our town. Old buildings are being repaired, and new ones are going up on virgin soil that has never support business property. There are at least a dozen residences going up in our city limits at this writing, a few of them being other buildings that were moved or second-hand materials being utilized in them.

Hamlin is growing—don't you forget it! Drive around and look your town over often. Don't pass up an opportunity to tell others—especially your out-of-town friends—that we are on the move.

WE ARE OUR BROTHER'S KEEPER

The peril of peoples of the world brought on by food shortages cannot be taken lightly by the Christian nation of America. We are our brother's keeper—no matter the color, race or creed. A nation with plenty is honor bound to share what it has with those nations who have not.

True, we are in no wise responsible for the plight of the nations of Europe and Asia who are short of food. Some of the nations were our enemies in the recent war. But all are human beings with souls and bodies, even though those souls and bodies are blighted by fiendish desires, un-Christian aspects on life, greed and murder.

Every U. S. family wastes one slice of bread a week. If each family saved one slice of bread a week this would add 2,000,000 loaves a week to the world's bread pile. If, in addition, the average citizen ate one piece of cake and one slice of bread less a day it would save enough to provide bread for 20,000,000 people for six months.

If every Hamlin citizen saved one slice of bread a week, it would add 175 loaves of bread to the current bread-saving campaign.

The U. S. housewife holds a strategic position in this world battle for bread. Above all, she can save bread by using every crumb. She can also substitute potatoes for bread. Contrary to general opinion, this substitution need not cause her to worry about her figure as potatoes, if eaten without the usual added milk or butter, are no more fattening than bread.

WHAT CONTEMPORARIES ARE SAYING

CONSIDER, NOW, THE PASTURE

America's untilled acres these days are teeming with four-legged life as vast numbers of cattle are being turned out for grazing. While this activity gets but a few lines in country weeklies and seldom finds its way into big city newspapers, the annual renting of pastures to livestock operators has a very important bearing on the economic life of the United States.

For a nominal sum, the cattle owner is enabled to feed his herd economically through the summer and ready it for fall marketing through an intensive grain-rationing process, thereby achieving maximum poundage at minimum cost. Nor is the practice confined to those who make a business of buying and selling livestock. In this era of diversified agriculture, almost every sizable farm has its grass tract where a dozen or so cattle are pastured, and they go a surprisingly long way toward augmenting the country's meat supply.

Because it doesn't produce bumper crops of corn or wheat, the pasture to the layman's eye may seem a "frozen asset." But this is far from true. Through feeding millions of cattle, it indirectly provides employment for hundreds of thousands, from packing house, tannery and shoe factory workers down to the village cobbler who repairs footwear. The pasture is a little noticed but indispensable part of our economy. May it never be plowed!—Christian Science Monitor.

A gal stood on the dock watching troops come in, and purred happily: "My! but they look male and hearty!" She's a sister to the gal who sang: "I want a girdle just like the girdle that fooled my dear old dad!"

God gives manhood but one clue to success, utter and exact justice; that, He guarantees, shall be always expediency.—Wendell Phillips.

Justice is itself the great standing policy of civil society; and any departure from it, under any circumstance, lies under the suspicion of being no policy at all.—Burke.

It's fun to chase a girl, but the problem is to get one willing to run. Girls naturally don't pursue men, any more than mouse traps pursue mice.

REV. CRAWFORD TO BE SPEAKER FOR GRAMMAR GRADS

Rev. J. T. Crawford, pastor of the Hamlin Church of the Nazarene, will be the principal speaker at graduation exercises of the Hamlin Elementary School next Friday evening, May 24, in the high school auditorium. Exercises are slated to begin at 8:15 p. m.

Members of the graduating class will be featured in program numbers for the evening preceding Rev. Crawford's address.

Following invocation by Rev. Paul Joyner, Lavon Stewart will give the class salutatory on the topic "Camp Fire Girls." "Valse Bleue" by Margis will be rendered as a piano solo by Barbara Turner. Donna Gayle Miller, class valedictorian, will speak on "Franklin D. Roosevelt." A trio composed of Fern Smedley, Ruth Pearson and Barbara Turner, will

NOTICE OF ELECTION

The State of Texas, County of Jones: To the legally qualified voters of Hamlin Consolidated Independent School District and Carlton Common School District No. 53:

Take notice that elections will be held within Hamlin Consolidated Independent School District and Carlton Common School District No. 53 on the 25th day of May, 1946, at the places and on the proposition more fully set forth in the order of the county judge of Jones County, Texas, substantially as follows, to-wit:

On this the 3rd day of May, 1946, there were presented to me a petition signed by W. C. Russell and 33 other legally qualified voters of Hamlin Consolidated Independent School District and a petition signed by J. E. Johnson and 24 other legally qualified voters of Carlton Common School District No. 53, which petitions prayed for a consolidation of said districts and the issuance of an order for an election for that purpose.

I find that the petition signed by W. C. Russell and others was signed by 31 legally qualified voters of Hamlin Independent School District, and that the petition presented by J. E. Johnson and others was signed by 20 legally qualified voters of Carlton Common School District No. 53. I further find that Hamlin Consolidated Independent School District is situated partially within Jones County and partially within Fisher County, that the principal portion of said school district and its properties are situated in Jones County and that Jones County has jurisdiction over the principal school of Hamlin Consolidated Independent School District.

I further find that said petitions are in compliance with the law and should be granted.

I have been advised that a petition for an election on the same proposition has been presented to the county judge of Fisher County on behalf of Plasterco Common School District No. 36 of Fisher County, and that said judge is issuing an order for such election to be held on May 25, 1946.

It is therefore ordered:

1.—That an election shall be held in Hamlin Consolidated Independent School District and in Carlton Common School District No. 53 on the 25th day of May, 1946, at which time there shall be submitted to the legally qualified voters of said districts the following proposition:

"Shall Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, Texas, and Plasterco Common School District No. 36 in Fisher County, Texas, be consolidated for school purposes and be known as Hamlin Consolidated Independent School District?"

2.—The place for holding the election in Hamlin Consolidated Independent School District shall be the Hamlin High School Building. The following officers are hereby appointed to hold said election in Hamlin Consolidated Independent School District: Holly Toler, presiding judge; Mrs. A. Spencer, assistant judge; Mrs. Fred C. Smith, clerk; Mrs. James E. Simmons, clerk.

3.—The place for holding the election in Carlton Common School District No. 53 shall be Radium Gin Office. The following officers are hereby appointed to hold said election in Carlton Common School District No. 53: F. W. Poe, presiding judge; M. E. Carlton, assistant judge; J. E. Johnson, clerk; J. E. Taylor, clerk.

4.—All legally qualified voters of said districts shall vote in the district in which they reside.

5.—The form of the ballots for said elections shall be as follows:

OFFICIAL BALLOT

For consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

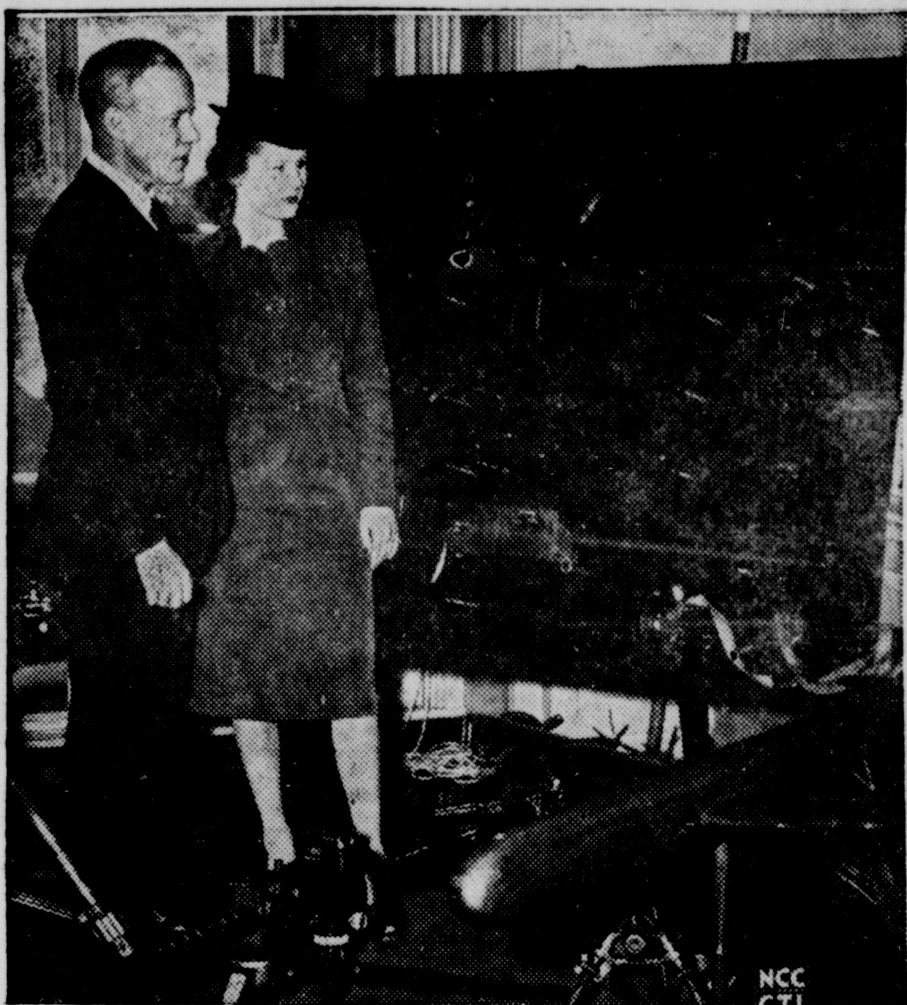

Against consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

Each voter shall draw a line through one of the above expressions thus leaving the other to indicate his vote.

6.—Notice of said elections shall be given by posting a copy of this order in three public places in each of said districts.

Issued this 3rd day of May, 1946.—Gilbert Smith, County Judge, Jones County, Texas. 28-2c

WAR SECRETARY GREETED MAID OF COTON

Secretary of War Robert Patterson welcomes Gwin Barnwell of Gastonia, North Carolina, and Greenwood, Mississippi, the 1946 Maid of Cotton, to Washington by showing her an exhibit of the weapons used by American fighting forces during World War II.

During her visit to the nation's capital the maid visited many high government and military officials. She was featured model in a congressional cotton fashion show at the Shoreham Hotel.

sing "Till the End of Time" by Kaye and Mossman.

Following Rev. Crawford's address, graduation certificates will be presented to members of the elementary graduating class. Benediction will be pronounced by Harold Bonner.

"Chuck" McCurdy visited with his parents, Mr. and Mrs. R. H. McCurdy, Sunday.

NOTICE OF ELECTION

The State of Texas, County of Fisher: To the legally qualified voters of Plasterco Common School District No. 36:

Take notice that an election will be held within said Plasterco Common School District No. 36 on the 25th day of May, 1946, at the place and on the proposition more fully set forth in the order of the county judge of Fisher County, Texas, substantially as follows, to-wit:

On this the 3rd day of May, 1946, there was presented to me a petition signed by J. O. Lewis and 27 other legally qualified voters of Plasterco Common School District No. 36, which petition prayed for a consolidation of districts hereinafter mentioned and the issuance of an order for an election for that purpose.

I find that the said petition was signed by 28 legally qualified voters of Plasterco Common School District No. 36.

I further find that Fisher County has jurisdiction over the principal school of Plasterco Common School District No. 36.

I further find that said petition is in compliance with the law and should be granted.

I have been advised that petitions for an election on the same proposition have been presented to the county judge of Jones County on behalf of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 of Jones County and that said judge is issuing an order for such election to be held on May 25, 1946.

It is therefore ordered:

1.—That an election shall be held in Plasterco Common School District No. 36 on the 25th day of May, 1946, at which time there shall be submitted to the legally qualified voters of said district the following proposition:

"Shall Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, Texas, and Plasterco Common School District No. 36 in Fisher County, Texas, be consolidated for school purposes and be known as Hamlin Consolidated Independent School District?"

2.—The place for holding the election in Plasterco Common School District No. 36 shall be the Club House. The following officers are hereby appointed to hold said election in Plasterco Common School District No. 36: Mrs. J. W. Riddle, presiding judge; Anna B. Sills, assistant judge; Mrs. N. L. Crowley, clerk; Mrs. H. M. Rawlins, clerk.

3.—All legally qualified voters of said district may vote in said district.

4.—The form of the ballots for said election shall be as follows:

OFFICIAL BALLOT

For consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

Against consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

Each voter shall draw a line through one of the above expressions, thus leaving the other to indicate his vote.

5.—Notice of said election shall be given by posting a copy of this order in three public places in said district.

Issued this 3rd day of May, 1946.—Roy F. Forman, County Judge, Fisher County, Texas. 28-2c

LIONS TO SPONSOR DONKEY BASEBALL CLASSIC TUESDAY

When announcement was made in Hamlin Wednesday that the Hamlin Lions Club would sponsor a donkey baseball game Tuesday night at the city ball park, President Art Carmichael of the civic club hastened to explain that the fellows wearing the caps would be the Lions.

Being promoted to add additional funds to the Lions Club's glasses fund for children with deficient eyesight, the contest will be played at the city ball park in southwest Hamlin beginning at 8:00 o'clock. Opposing team will be made up of other Hamlin business men.

Admission to see the one hour and a half display of sporting skill and donkey riding will be 50 cents for adults and 25 cents for children. Even the players will be required to buy tickets, club leaders stated.

Declared by promoters to be "better than a rodeo and funnier than a circus," rules for the baseball game follow:

All players except pitcher and catcher ride mules. When the batter gets a hit he must mount his donkey and ride around the bases in proper order—if he can. There are no strike-outs or walks. Fielders must ride to within a step of the ball before dismounting and must remount before throwing the ball.

A softball is used, with nine players on each team. The game plays five to seven innings.

Twelve trained mules are furnished by the Panhandle Company of Crescent, Oklahoma. These mules have played more than 1,000 games of donkey ball in 16 central states.

Present Demands Only.

Prospective Father-in-Law—"See here, young man, are you sure you can support a family?"

Suitor—"Well, no, sir. I was just planning to support your daughter. The rest of you will have to shift for yourselves."

CEMETERY ASSOCIATION NEEDS FUNDS TO MAINTAIN GROUNDS AND IMPROVE SITES

Call for additional funds for maintaining Hamlin cemeteries was made this week by officials of the Hamlin Cemetery Association. They point out that it has been difficult to keep the last resting place of Hamlin area people clean for some time, due to the lack of proper support by those whose have loved ones buried in the plots.

Since the recent rains the weeds and grass are getting a bad start again in the East Cemetery. Keeping the graves and other grounds at the cemetery is a tremendous task, it is pointed out.

Approximately one-half of the lots have been kept clean for the past year with money from monthly dues by members of the association. Announcement was made this week that effort would be made to keep the entire cemetery worked through the next few months, but more money will be needed to carry on the work.

"If you are not subscribing to this work on a monthly basis," associa-

tion officials declare, "will you not please help us out by paying for working your lots? Any amount will be appreciated and is needed badly."

During the last few weeks the plot known as the North Cemetery has been fenced, re-surveyed and all lots numbered and present mounds reworked. A cattle guard has been built at the entrance, and right-of-way from the highway has been purchased. Soon lanes will be graded in the cemetery. Officials state that about 300 new lots will be available in the North Cemetery.

Development of the north plot, located one mile north of the Katy depot, has been made necessary because the East Cemetery has little space available for graves. A number of old-timers of the section are buried in the North Cemetery, including Hamlin's first mayor, Judge C. W. Shannon.

Efforts are still being made by cemetery association officials to relieve the water situation at the East Cemetery. Much needed extension of lines cannot be made because of inability to secure pipe for the project. As soon as the materials are available, proper provision will be made to install adequate water systems at the cemeteries.

NO MORE SCORCHING

No longer need American homemakers fear scorching of favorite garments by hot irons. The National Cotton Council reports that the chemically treated cotton cloth shown in the picture permits steam pressing at home with a regular iron. Garments and fabrics on which hot irons cannot be used directly can be pressed easily by placing the cloth over them. The treated cotton offers protection against shine, scorch or wetting, yet the live steam penetrates to give a professional finish.

Week's Services Slated At Foursquare Church

Church calendar for the week beginning Sunday, May 19, at the Foursquare Gospel Church has been released by church officials as follows:

Sunday—Sunday School at 9:45 a. m.; worship service, 11:00 a. m.; Crusader service (young people), 6:30 p. m.; evangelistic service, 7:30 p. m.

Tuesday—Prayer meeting at 8:00 p. m.

Wednesday—Prayer and praise service, 8:00 p. m.

Friday—Bible study, 8:00 p. m.

Saturday—Junior Crusaders, 2:00 p. m.

Endorsed and Cashed It.

A tightwad traveling salesman sent his better half a check for a million kisses as a birthday present. He was considerably upset when a few days later he received the following letter:

"Dear Jim: I can't begin to express my appreciation of the check you sent me on my birthday. I presented it to the milkman this morning. He cashed it."

NEW CLUB PROJECT CALVES EXHIBITED AT HEREFORD TOUR

Plenty of fine stock is in the making by club boys of Hamlin, declared veteran Hereford breeders of West Texas, who viewed 11 head of young calves that are being started for next years projects by members of the Future Farmers of America chapter of Hamlin High School. The calves were on display at the Y-6 Ranch when Hereford breeders of the area made a noon stop Tuesday at the Hereford ranch north of Hamlin.

Under supervision of T. C. Blankinship, vocational agriculture teacher at Hamlin High School, the boys had their calves lined up at the big lot of the Y-6 Ranch.

Exhibitors, with names of their calves, and breeders of the animals exhibited Tuesday, follow:

Ike, exhibited by Alton Kite, bred by I. M. Chism of Albany; Dynamite, exhibited by Jack Willingham, bred by C. M. Gay; Mike, exhibited by Jack Willingham, bred by Tarleton Willingham; Curly, exhibited by J. M. Wells, bred by C. M. Gay; calf exhibited by F. W. Poe Jr., bred by F. W. Poe Jr.; Chubby, exhibited by Dale Brown, bred by C. M. Gay of Moran; Larry, exhibited by Callens George, bred by Y-6 Ranch; Turner's Pride, exhibited by Callens George, bred by Turner's Hereford Farms of Sylvester; and Freddie, exhibited by A. J. Swenson.

Cotton at the Crossroads.

Cotton is at the crossroads. Vigorous, daring leadership can save it. The producing, processing and merchandising of cotton in this country are too important to "die on the vine."—P. D. Sanders, Editor, The Southern Planter.

Company

Maybe you aren't this big a nut about cars

Maybe you're able to resist taking your engine apart—as long as it runs swell. That's generally enough for most anybody—no matter how curious he is to see Conoco Nth motor oil in the act of OIL-PLATING the engine's insides.

OIL-PLATED engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner sur-

faces. This is accomplished by the magnet-like action of an added material in Conoco Nth oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. This time, with this new car, they want to start out right. . . . And should an older car logically have anything less than the safeguard of OIL-PLATING! Then get Conoco Nth motor oil—at Your Mileage Merchant's Conoco station—now. Continental Oil Company

Sheriff:
LEONARD G. BARNES

Commissioner, Precinct No. 1:
W. H. (HOSS) BARTON

Commissioner, Precinct No. 2:
E. C. WALDROP
D. I. (IKE) WEST

HAMLIN SENIORS ENJOY 3-DAY TOUR OF STATE SHRINES

Texas shrines and other points rich in historical lore are now a part of the seniors of Hamlin High School—if the graduates were true to the poet's assertion that "I am a part of all I have met."

The group of half a hundred, tired but wiser, returned home Sunday evening about 8:00 o'clock after a several-hundred-mile trip by bus to Austin, San Antonio and other points of interest.

On Friday morning, 50 seniors from Hamlin High School, plus seven sponsors, boarded school buses to journey to Austin and San Antonio.

The group arrived in Austin late Friday and went directly to the beautiful Barton Springs swimming pool. Later, after having eaten, the group found various diversions, including movies and a carnival.

On Saturday morning seniors and sponsors arose early and visited the capitol building, most of the group climbing up past the dome. They also visited the Texas University campus.

Saturday afternoon saw the group en route to San Antonio, where they visited the old Buckhorn Saloon, which has been turned into a curiosity shop, the Alamo and other points of interest.

On Sunday morning the group explored the Longhorn Caverns near Burnet, and from this point began their journey back to Hamlin. Arriving in Hamlin about 8:00 o'clock, the group was quite frankly a weary and worn lot, but a very happy one.

Sponsoring the group were Mrs. Mary Farrow, Marguerite Nobles, Mrs. C. F. Butcher, Mr. and Mrs. Joe Culbertson, Mrs. L. H. McBride, and High School Principal H. P. McLaughlin. Mr. May and Delbert Kite drove the buses.

Fat Bugs, Lean Livestock.

Livestock lose when bugs eat cotton. On the average, insects annually destroy enough cotton to produce 864,000,000 pounds of cottonseed meal and 520,000,000 pounds of hulls, both badly needed for milk and meat production.—National Cottonseed Products Association.

Limiting the Climate.

The club members were bidding farewell to one who was leaving for India. In the conversation a friend said: "It gets pretty hot in India at times. Aren't you afraid the climate might disagree with your wife?" The man looked at him reproachfully. "I wouldn't dare."

ASKS ELECTIVE TERM

Associate Justice Graham B. Smedley of the Texas Supreme Court announced this week his candidacy for an elective term on the court. Judge Smedley, for years an assistant attorney general, was promoted to voting membership on the high court last September by the adoption of the constitutional amendment which created a nine-member Supreme Court.

Petitions Filed to Put J. D. Pickens' Name in Representative's Race

Petitions were filed Thursday with J. Clarence Johnson of Anson, Jones County Democratic chairman, and with John H. McGaughey of Albany, Shackelford County Democratic chairman, to place the name of J. D. Pickens of Anson on the ballot as a candidate for the nomination to the office of state representative of the 115th District, comprising Jones and Shackelford Counties.

The petitions, containing more than the required 25 signatures, were accompanied by the filing fee assessed by each county.

Pickens served in the 49th Legislature, but on account of his business had made public his statement several weeks ago that he would not be a candidate for reelection. When advised of this action he stated that he would abide the wishes of the people.

Pickens, a native of Jones County, served in both the Army and Navy. He is now secretary of the Jones County Draft Board, is in the real estate business and formerly served Jones County two terms as county treasurer.

Smart Aleck Repaid.

A young lady walked into the post office, stopped at the wicket and asked for a three-cent stamp. The clerk was not in a very good humor, and he snarled, "This is the information window; can't you read?"

The lady proceeded to the proper place, purchased her stamp and returned, "You say this is the information window?"

"Yup."

"Well, if I mail this letter tonight will it be in Dallas tomorrow?"

"Sure."

"That's funny. It's addressed to San Antonio."

GRAMMAR SCHOOL GRIDDERS MAKE IT TWO MERKEL WINS

Squad of the Hamlin Mice, future Pied Pipers from the junior high school, showed the junior footballers from Merkel how the game is played when they trounced the lads 13 to 12 Saturday night for the second time within a week. The game was played at Merkel.

The Hamlin boys scored first in the initial quarter when Donald Green skipped around right end for 10 yards and a score. Joe Dean plunged through the line for the extra point. Merkel scored early in the second quarter, but missed the extra point. Hamlin led at the half 7 to 6.

Merkel opened the second half by driving 60 yards for a touchdown, but again failed to cash in on the extra point, but went ahead of the Mice 12 to 7.

Early in the fourth period the Mice relieved the ball on their own 40-yard marker and without losing the ball scored, Dean making the last 10 yards on a scamper over left tackle. The extra point was missed.

At the end of the game Merkel was trying desperately to score, but the Mice were still biting.

"The Fussy Pill Rollers"

FOUR METHODISTS GO TO CLYDE FOR DISTRICT CONFAB

Four Hamlin Methodists attended the annual session last Wednesday of the Abilene Methodist District Conference, held at Clyde. Pastor and Mrs. E. L. Yeats, Mrs. J. O. Sauls and Mrs. Brad Rowland represented the Hamlin First Methodist Church at meetings.

The district church leaders listened to inspirational addresses, licensed one candidate to preach, heard glowing reports of church growth and voted unanimously to prosecute the last phase of the McMurry College building and endowment fund campaign during May, June and July and apply proceeds, along with that of the other eight Northwest Texas Conference districts, on a \$250,000 memorial dormitory for men.

Roby was selected as the 1947 meeting place upon invitation of its pastor, Rev. Claude E. LeMond.

LeMond was elected secretary, and Rev. R. H. Campbell of Baird was named assistant secretary.

At noon Wednesday Clyde Methodists fed approximately 250 ministers and delegates from the district.

District superintendent of the district reported that four new churches and two parsonages are under construction in the Abilene district. One of the parsonages is at Hamlin.

Dr. Carter compiled the membership growth of the district since conference in November. It showed 330 additions on profession of faith and 597 by certificate, or a total of 927, a record for all time up to this date. Many summer revivals are yet to be held.

Stamford-to-Ericksdahl Road Work Scheduled

A Jones County stretch of highway figured in proposed construction by the State Highway Department, bids for which will be opened by the highway unit May 21 and 22, according to announcement from Austin.

Farm Highway 142, leading 10.90 miles from Stamford to Ericksdahl community will get grading, drainage structures, flexible base and single asphalt surface under provisions of the call for bids.

Lone Star Gas Concern Proposes Expansion of Facilities Over System

Growth of the territory served by Lone Star Gas Company demands expenditure of millions of dollars in service facilities this year, D. A. Huley, president of the company, has announced. He said more than \$8,294,000 has been budgeted for construction and equipment over the gas system comprising 300 thriving towns and cities, one of which is Hamlin.

Among reasons for this huge expenditure, he explained, is the addition of 18,500 new meters last year, the equivalent of two cities, one the size of Waco and the other the size of Temple, each meter representing a family. The last five years the company has added 78,175 customers, equal to the number in Fort Worth, Wichita Falls and Waco combined. Mr. Huley said this indicated the healthy growth of the territory. He also said many new industries are expected.

These millions will be poured out to benefit the whole area just as rapidly as materials and men are available, the gas company head declared. Following are the principal expenditures:

Street mains, service lines, meters, regulators, replacement and other facilities for serving customers in the towns and cities, \$2,000,000.

Pipe line construction from gas fields to the cities to tap additional gas reserves, \$2,156,000.

Drilling wells to insure adequate gas supply for many years, \$1,270,000.

Expansion of butane facilities for

Legion Plans Barbecue At City Park Monday

All ex-service men of all wars and their ladies are invited to attend the barbecue supper being staged by the Hamlin post of the American Legion Monday evening at the city park. Eats will be served, with plenty of trimmings, beginning at 7:00 o'clock, according to Joe Curbertson, commander of the post.

Post officials state that a little matter of business will be conducted following the get-together and feast.

gas service beyond the gas mains so more people on farms may have city gas service, \$433,000.

Dehydration, cycling and gasoline plants to treat the gas and promote conservation, \$1,360,000.

Replacement of existing facilities, such as automotive equipment and machinery, \$865,000.

Purchase of leases for future development, \$210,000.

School Tax Rolls Show Increase Over Last Year

Tax rolls for the Hamlin Independent School District are being completed by H. O. Carter, assessor and collector for the district. Renditions reflect a nice gain in valuations over last year's values, Carter states.

An equalization board has already begun work on adjusting values in the district which probably will raise the total assessments. A number of renditions in the district are out of line, school officials indicate, and the board will endeavor to equalize these in their deliberations.

BOY SCOUTS LOOK TO ANNUAL CAMP AT BUFFALO GAP

Boy Scouts of the two Hamlin counties are greening their interest in Buffalo Gap since arrival in this area this week of the 1946 bulletin Camp Tonkawa, which is the property owned and operated by the Hamlin Trail Council, Boy Scouts of America.

New facilities at the area camp this year will include a new swimming pool of the very latest construction, eight new troop camp sites including latrines, wash facilities and mail room.

Council officials in the Abilene area announced that they were expecting an attendance of some 40 Scout troops from over the county with an estimated attendance of 400 Scouts and Scouters.

Hamlin Scout leaders indicated this week that probably 40 boys would attend from the local troops.

Jones County boys have been asked to camp from June 2 to 8 with other counties sending boys at the same time are Coleman, Callahan, Haskell and Runnels.

Highlights from the camp bulletin reproduced for Herald readers: health, safety, wise leadership, good companions, wholesome recreation and good Scouting are pledged by authorities at Camp Tonkawa.

Without a doubt, Camp Tonkawa is one of the most beautiful locations for a Boy Scout camp in West Texas. The camp is ideal for Scouting purposes—55 acres of rolling, wooded land and a fine new swimming pool constructed to meet the most rigid regulations. Many trails out and through the adjoining area make it a place worthwhile.

Meals have been approved by a registered dietitian, the drinking water supplied by the State Health Department, and only pasteurized milk is served at meals. The camp is inspected regularly by the health and safety committee, and their recommendations are carried out.

She Needed to Be Prepared.

The book salesman knocked at the door of Mr. Jones' house.

"Nothing today," said Mrs. Jones.

"But, madam," he insisted, "I have something here that is bound to interest you. 'The Husband's Friend'—Five Hundred Reasons for Staying Out Late.'"

"What makes you think that book would interest me?" asked Mrs. Jones angrily.

"Well," said the salesman, "I sold a copy to your husband on his way to the station this morning."

HERE'S WAY TO BUILD UP RED BLOOD to get more STRENGTH if you lack BLOOD-IRON!

You girls and women who suffer from simple anemia that you are pale, feel tired, weak, "dragged out"—this may be due to lack of iron in the blood.

So start right away—try Lydia E. Pinkham's TABLETS—one of the best and quickest home ways to help build up red blood to get more strength and energy—in such cases.

Pinkham's Tablets are one of the greatest blood-iron tonics you can buy. Just try them for 30 days—then see if you, too, don't remarkably benefit. All drugstores.

Gosh, No—Not for a Horse!

A friend who enjoys the costly but nonetheless exciting sport of "improving the breed" brought us this yarn straight from the horses' mouths.

Two thoroughbreds were talking over a coming race.

"I'm going to win it!" one of them declared. "I've simply got to win it."

"How come?" said the other. "I've never known you to take a race that seriously before."

"Well," said the first, "my owner said to me, 'Look here, old man, you win this race and there'll be 30 extra bales of hay for you!'"

"Thirty bales!" exclaimed the second. "No wonder you want to win. That ain't money!"

Plans to Expand Room At Baptist Church Told

Officials of the Hamlin First Baptist Church were figuring with carpenters this week for enlarging the seating capacity of the auditorium in the structure. Balcony space, boarded up several months ago for classrooms for the Bible school, probably will be cleared and new upholstered opera style chairs installed.

Other improvements for the church slated for the summer include air conditioning installation and purchase of an electric organ, members of the committee state.

Suspicious of the Occasion.

A couple of negroes were walking along a Washington street when they were startled by the scream of a police siren and the roar of eight motorcycles preceding a long black car. Impressed by the number of police, one of the negroes asked his companion who was in the car.

"Why, you ignoramus," said the second, "dat am de president of the United States and Mr. Winston Churchill."

"Yah," said the first, "what dey done?"

California is the only state we've visited where they had liquid sunshine.

Service Messages Reduced.

Announcement was made last week by Jim Howard King, local Western Union agent, that greetings and EFM messages will be sent to men in the service anywhere in the world for 60 cents.

DARKER FLOUR TO OFFER NO BAKING SUCCESS PROBLEM

When Hamlin area people heard about the new 90 per cent extraction flour, very likely many wondered if you could use it successfully in baking. That is the question most of us asked. Will we have to change our recipes for bread, cakes and pastries to get good results with the new flour?

"Food specialists of the U. S. Department of Agriculture," says Hannah Nabors, county home demonstration agent, "have been testing some samples of the new flour." They have made regular biscuits, muffins and plain cakes. And they offer these suggestions:

Follow your own recipes, as usual, unless the flour manufacturer gives some specific direction for his particular product. In that case, follow the directions that come with the flour.

You may want to do a bit of experimenting yourself. If the dough or batter seems a little soft, you may want to add a very little flour or subtract a very little bit of liquid. Some of the new flour may call for these adjustments.

But take it from the food specialists, you do not need to worry about using the new 80 per cent extraction flour when you bake at home. Results in USDA's food testing laboratories have proved quite generally acceptable.

And the experts say that the cook who could make a tasty biscuit and other baked products with the flour she used in the past can turn the same trick with the new.

Nowadays when the boss tells the late arriver that he should have been in the office at 9:00 o'clock, he usually gets the answer, "Why—what happened then?"

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

DANIEL ANNOUNCES

Captain Price Daniel of Liberty, speaker of the Texas House of Representatives in 1943, will be a candidate for attorney general in the coming Democratic primary, according to Fagan Dickson, former assistant attorney general under Gerald Mann and Grover Sellers, who made the announcement this week following a series of conferences in Austin.

Excusable Under Circumstances.

"But the officer says that while you were in a drunken state you tried to climb a lamp post."

"Yes, I did; but three crocodiles had been following me about all night, and they were getting on my nerves."

JONES COUNTY DID NOT KEEP PATTERN IN COTTON YIELDS

Jones County did not follow the state pattern in cotton production last year. The smallest cotton crop was produced in the state in 1945 since 1889, according to revised estimates of the crop was released this week by the United States Bureau of Agricultural Economics at Austin.

Jones County's production officially was 42,098 bales, as compared with 1944 production of 39,932 bales. Estimate for the state of Texas is 1,794,000 bales from 5,900,000 acres. Cottonseed production totaled 730,000 tons.

Meanwhile, the bureau announced that average prices for cotton in Texas are the highest since 1923. The price advanced two cents during the month ended April 15 to average 24.4 cents a pound. This compares with 18.9 cents a pound last year and a 1935-1939 average of 9.94 cents a pound.

What a Friend!

Chaim met his friend Moishe on the street one day, and noticed that pain was written all over Moishe's face. He stopped him in concern.

"Moishe, what on earth is the matter?" he demanded.

"My shoes are too tight and hurt my feet," was the reply.

"Then why don't you get comfort- able ones?"

"Hm! Fine advice! My wife is sick, my children don't have enough to eat, the government thinks up all kinds of taxes to levy on me, I have troubles in business all day long, and my only pleasure in life is when I get home in the evening and take off my tight shoes. And he advises me to get comfortable ones!"

\$100,000 More Yearly.

Approximately 250 members of a Youth One-Variety Cotton Commu- nity who plant about 2,200 acres in cotton annually had a 1938-45 av- erage value per acre of lint and seed of \$90.75, compared with the state average of \$45.78. Premiums for better staple and extra yield amount- ed to \$820,500 in eight years or over \$100,000 annually.—From Georgia Extension Service Report.

Mr. and Mrs. Harold Bonner had as their guests last week-end her mother, Mrs. J. W. Clark of Sweet- water, and her brother and family, Mr. and Mrs. Clyde Clark and chil- dren, Marilyn and Darrell, of El Paso.

THESE WOMEN!

"Miss Finchley is extremely efficient—she makes such clean-cut mistakes!"

NEW ADVANCE OF 15 CENTS PER BUSHEL ON WHEAT MAKES HAMLIN CEILING \$1.70

New ceiling prices for wheat this week gave grain growers of the Ham- lin area a top price of \$1.70 per bushel for No. 1 wheat. The govern- ment announced jumps in the ceiling prices of wheat, corn and other grain and livestock feeds last week-end in a new effort to remedy the food situ- ation at home and abroad.

Increase of 15 cents per bushel for wheat, which, added to the pre- vailing local price of \$1.55 per bushel, became effective Monday. One purpose is to get grain for the famine areas of the world.

Increases also were 26 cents per bushel for corn, five cents for oats, nine cents for barley and 10 cents for rye.

The action was announced in a joint statement by the Office of Eco- nomic Stabilization, the Department of Agriculture and the Office of Price Administration at the close of a day that saw these other developments bearing on the world food picture:

1.—The white house announced that Herbert Morrison, lord president of the council in the British cabinet, is coming here this week-end to take up with President Truman new pro- posals for meeting the hunger crisis abroad. The grain price increases were announced after diplomatic in- formants had said he might urge against such tactics.

2.—Sir John Orr, director general of the United Nations food and agri- culture organization, called for an international four or five-year plan for the long pull against famine.

3.—President Truman and the British and Canadian prime ministers announced that the combined food board will be continued until next December 31 and longer if necessary, in view of the critical food situation. It had been thought the board might wind up its work by June 30.

The grain and feed price hikes were aimed to remove uncertainty con- cerning price ceilings between now and June 30, 1947, encourage move- ment of grain for foreign and home use and bring the number of livestock into "proper balance" with feed bal- ance.

If it accomplishes its aim of reduc- ing the number of livestock, it will mean more meat for consumers now, but less later.

The 30-cent wheat bonus, offered on last year's crop to get the grain off farms for famine relief purposes, will continue until May 25 as origi- nally scheduled. Hamlin buyers ex-

plained that this bonus would not apply to this year's crop, as some growers had understood.

Both the bonus and the 15-cent in- crease for wheat will apply during the May 13 to 25 period.

Hamlin grain dealers declared this week that there was little of last year's wheat stored in the section, so the 30-cent-per-bushel meant little to this section.

COACHES PLEASED WITH MICE AS THEY TAKE FINAL MELEE

"A hustling, fighting bunch of young football players," was com- ment of Hamlin High School Coach L. B. Howard, when asked what he thought of his sixth and seventh grade squad after they completed a vigorous spring series of games Tuesday night at the city ball park.

The locals won Tuesday night's finale from the Roby hopefuls by a 20 to 7 score. The game was called at the half because of the rain, but was chalked up as an official win.

Joe Allen Dean, quarterback for the Mice, scored all three Hamlin markers, making two in the first quarter and one in the second. His first touchdown came on a six-yard end run. A four-yard line buck tal- lied the second score, and a three- yard line plunge accounted for the

third touchdown. Donald Green did the extra point duties in two tries out of three.

Roby's marker came on the second kick-off when the Roby receiver scampered down the field behind in- terference for 60 yards and pay dirt. Plunge over the line by Roby ac- counted for the extra point.

When the wife found a blonde hair on our coat the other day we told her not to worry because it wasn't ours.

POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

M. A. Darden of Girard spent last Tuesday night in the home of the George Dardens.

Ernest Hendon of the Navy, who is now stationed at Galveston, is visiting in the home of his mother, Mrs. Lee Hendon, at McCaulley.

Mr. and Mrs. Jack Perryman of Sweetwater were Mother's Day visitors in the home of his mother at McCaulley.

Just a few more days of school in McCaulley. The junior play at the school house last Friday night was very good and a packed house enjoyed the well acted play.

Sergeant James Parker, wife, son and daughter visited his mother and other relatives and friends at Hamlin and McCaulley last week-end. James is stationed at Oklahoma City in the U. S. Army Air Force.

Lieutenant and Mrs. W. H. Pickerton Jr. visited their parents at Hamlin and McCaulley last week-end. They were en route from Shreveport, Louisiana, to Phoenix, Arizona.

Mr. and Mrs. Charlie Abbott visited his mother in McCaulley last Sunday, Mother's Day.

The writer visited his parents on Mother's Day at Girard.

Mr. and Mrs. W. W. Miers and sons, Howard Miers of Lamesa and Mr. and Mrs. Nash Miers of Hobbs, visited their parents, Mr. and Mrs. S. E. Miers, on Mother's Day.

Visiting in the home of Mr. and Mrs. John Dean over the week-end were their two sons and daughter and families. They were Mr. and Mrs. Buford Dean and daughter of Dallas, Mr. and Mrs. Granville Dean and daughter of Fort Worth, Mrs. Thelma Estes, husband and daughter of Dallas. Also in the Dean home Sunday were Mrs. Dean's two nephews from Lubbock, who were Mr. and Mrs. Curg Walters and Jesse Lee Walters. Both nephews have just recently returned from overseas duty. Other visitors in the Dean home Sunday were Mrs. Charley Eivens and Annie Berry of Fort Worth, Mrs. Blair Berry and daughter, Mrs. Louise Cooper of Rotan and Mr. and Mrs. Milo Gray and daughter of Sylvester. Fourteen guests were served at a Mother's Day dinner in the Dean home. Thanks

to J. S. Dean for a year's subscription to The Herald.

Visiting on Mother's Day in the home of Rev. and Mrs. C. E. Dick were Mr. and Mrs. C. E. Dick Jr. and Mr. and Mrs. Doc Carter of Crosbyton.

Mary Ann McCollum, student at McMurtry College, Abilene, spent Sunday in the home of her parents, Mr. and Mrs. Levi McCollum.

GENERAL COMMENTS

Hitler and Mussolini could not have precipitated this world war if it had not been for the aid they received from big bankers and their allies, the industrial overlords. Now we are once more laying plans for peace and economic stabilization. Will we permit our financiers and industrialists, hungry for profits, to pave the way for another world war, as they certainly paved the way for this world war?

Propaganda can't do much harm if it is labeled "propaganda." It becomes dangerous when it is passed out as news or comment by "experts."

The nation's debt to those who fought and won the war can only be redeemed by making good our sacred pledge that the war shall be the last world war and according to the living the fullest opportunity for a decent living.

The Southern Democratic and black Republican majority in Congress would do well to take a lesson from Parliament and remember the recent defeat of their contemporaries in the British elections.

The insurance companies are down to the last \$300,000,000 worth of property they acquired through mortgage foreclosures during the depression, according to Roger Budrow, financial editor of the Indianapolis News. In other words, the insurance companies cleaned up \$3,000,000,000 worth of property by throwing people out of their homes during Hoover's administration. What a shame!—A Darden-O-Gram.

Superintendent Attends Area School Gathering

Superintendent I. R. Huchingson of Hamlin Schools was among attendants at the confab of superintendents and principals of District No. 8 which met Tuesday at the Windsor Hotel in Abilene for a discussion of federal aid to schools and organization of a school work shop.

J. W. Edgar, superintendent of Orange Schools, appeared on the program to discuss with the group the question of federal aid for schools.

R. L. Williams, Sweetwater city schools superintendent, discussed the plan of the superintendents' organization for a school work shop.

Work on Building for Laundry Nears Finish

Work on the Bowen Pope building, just south of The Herald building, was nearing completion this week as carpenters were installing celotex ceiling in the 125-foot-long structure facing Central Avenue. Concrete floors were completed last week, and major work remaining on the building this week was plastering of walls and installation of doors and plate glass windows.

Clyde Huff, who will open a steam laundry in the building as soon as equipment is available, stated that it was uncertain when the new business could be opened. Some of the machinery is now in Dallas ready for shipment.

Even after we all have walkie-talkies we suppose someone will still cut in and say "Your five minutes are up."

Three Stellar Features Promised at Reunion

Hamlin area people are reminded this week that three stellar attractions at the 1946 Texas Cowboy Reunion include the cutting horse contest, the sponsors' contest, and the chuck wagon meals which are available to all during their visit to the reunion. Dates of this year's three-day celebration fall on July 2, 3 and 4.

The cutting horse contest originated with the Texas Cowboy Reunion, and is a regular ranch chore during the course of operation.

VOLUME 41

HAMLIN, JONES COUNTY, TEXAS FRIDAY, MAY 17, 1946

NUMBER 28

Progress on Hospital for City on Time

REVISED PLANS BEING DRAWN FOR 35-ROOM UNIT TO BE CONTRACTED IN JUNE

Hamlin Memorial Hospital movement has moved along according to plan, association officials told The Herald this week, and revised plans for construction of the building are now being completed by a Wichita Falls architect. Actual contract for erection of the build is expected to be awarded in June.

The following official statement on the present status of the hospital is made by Bowen Pope, secretary of the hospital association:

"Contrary to reports in some quarters of Jones County that the efforts of the Hamlin people to create a modern cooperative hospital has 'bogged down,' we wish to state that everything from the very beginning of the charter to this date has gone according to plan.

"Without fanfare rally, boom and 'hoopla' the people have put up their money with a determination to do something for themselves and not ask to have an improvement in the Hamlin area at the expense of taxpayers in sections not interested.

"The Hamlin Memorial Hospital Association now has a membership of 330 families. To this date no committees or announced rally has been used.

"A beautiful block of land has been donated for the building. Architects are shaping up the final draft of the hospital floor plans and specifications. These will be available for contractors some time in June. The building will be modern and fire-proof. It will contain 35 rooms, besides corridors, etc.

"Look for an important notice in next week's Herald."

SUPERINTENDENT AND TEACHERS AT SCHOOLS RENAMED

Superintendent I. R. Huchingson was reelected for a three-year contract as head of the Hamlin School System when the Board of Education met last Wednesday in regular evening in regular session. The new term of office will begin July 1.

Huchingson is completing his first term as superintendent of the Hamlin schools. He came here from Roscoe to succeed Gordon Bennett.

Faculty of the Hamlin Schools was reelected for the 1946-47 term at the Wednesday board session also. The board commended the teaching faculty for their services during the past session.

Cooker Test Dates Cancelled.

Schedule of Hannah Nabors for pressure cooker testing on the dates of May 17 and 18 at Hamlin and Neinda has been cancelled due to the absence of the county home demonstration agent from the county on scheduled dates.

HAMLIN FOLKS CAN SEE THIS TUESDAY

Swan dives and other similar sporting thrills such as the one pictured above will feature the donkey baseball game Tuesday night at the city ball park. The game, sponsored by the Hamlin

Lions Club, will demonstrate sporting antics by a team from the civic group and one made up of other business men. Starting time of the benefit game is slated at 8:00 o'clock.

MORE RAIN COMES TO REGION IN FIVE SPELLS THIS WEEK

Rain—getting to be a regular visitor to these parts—made five pop-calls in the Hamlin region since last week's Herald was put to press. Total precipitation of .84 of an inch was recorded by J. M. Rountree, Hamlin city water superintendent.

These showers brought the total rainfall for the year to 8.27 inches. Rainfall of 4.30 inches was recorded for the preceding 10 days.

Last Thursday's shower measured only .01 of an inch. Friday turned in .26 of an inch; Sunday morning's rain gauged .02 of an inch; and a repeat performance of .02 of an inch fell Monday. Tuesday night's downpour, climax of the five-day rainfall, amounted to .53 of an inch.

Still spotted over most of the Hamlin territory, sections north and west of Hamlin received more than inch and a half.

Although harvest of early wheat was slowed down some, the rain was welcome as the year's rainfall total so far is considerably below normal, and the ground can still soak up lots of moisture.

Planting operations of row crops was halted by the showers, too, but a little sunshine will permit planters to get back in the fields to sow cotton and head grains.

Little flurries of hail were reported over most of the section, but no great damage was reported to The Herald by Wednesday.

DIRT WORK PASSES MCCAULEY ON NEW HIGHWAY PROJECT

Work on the Hamlin-McCauley-Sylvester highway job near McCauley is really taking shape this week. Huge dirt moving machines have been transforming the landscape as the territory has dried to permit movement of dirt on the right-of-way.

Working northeastward from the Santa Fe overpass on the Anson-Roby highway, workmen have already completed initial dirt work through the town of McCauley. This is virgin right-of-way, and the job has been carried on from "scratch." The territory generally is pretty flat, and no great cuts or fills have been encountered.

Old right-of-way from the overpass to McCauley has been on the Anson highway east of the overpass for about a mile, then north into the town. Straightening of the route to go up the railroad right-of-way will be one of the major straightening job of the new route. It is estimated the present route to Hamlin will be shortened 1.8 miles with the new highway.

Dirt moving machines are now at work northeast of Hamlin. Workmen are averaging probably half a mile a day on the initial right-of-way job.

Wheat Crop Of 245 Cars In Area Seen

HERALD PREDICTS YIELD FROM AREA WILL BRING RETURN OF \$629,000 TO GROWERS

Unless some unforeseen calamity comes within the next three or four weeks, Hamlin area wheat growers will ship more wheat this year than they did last season.

The Herald is going to "stick out its neck" and estimate a harvest of 370,000 bushels of wheat, which will be about 245 cars. Averaging \$1.65 per bushel, this would mean an income from the wheat crop of \$629,000. Current price for wheat in Hamlin is \$1.70 per bushel for No. 1 grade.

This statement is made after a pretty general survey made by The Herald this week of outlook of the grain situation in the Hamlin territory. Rains of two weeks ago have brought out the crop in a remarkable manner, and projected average yields of 10 bushels per acre on fields that were scheduled to reach harvest have been upped by raisers to an average of 14 to 16 bushels per acre.

In fact, a number of wheat farmers who were planning to graze fields three weeks ago are now predicting yields of 10 to 15 bushels in those fields.

Starr Inzer declared Tuesday he would average 10 to 12 bushels per acre on a 410-acre plot north of the oil mill that he did not intend to run a combine in three weeks ago. He said he would harvest between 7,000 and 9,000 bushels from his more than 600 acres in wheat.

First wheat harvested in the region was brought in Tuesday by Bert Whaley from his place eight miles northeast of Hamlin.

CHURCHES DISMISS TO BACCALAUREATE RITES FOR SCHOOL

All evening church services Sunday in Hamlin churches will be dismissed in deference to the baccalaureate services of Hamlin High School when Don Morris, president of Abilene Christian College will deliver the address to the graduating class. Services will be held in the Hamlin High School auditorium.

Members of the graduating class will occupy a special section of seats immediately in front of the stage during the program, school officials state.

Complete program for the evening follows:

Processional, Joy Agnew; invocation, Rev. E. L. Yeats, pastor of the Hamlin First Methodist Church; song, "Come, Thou Almighty King," by the congregation; announcements, Superintendent I. R. Huchingson; solo, "Oh, Lord, Be Merciful," Lester Morton; sermon, President Don Morris of Abilene Christian College; benediction, Rev. J. T. Crawford, pastor of the Hamlin Church of the Nazarene; recessional, Joy Agnew.

A DISTANT HOSPITAL WASN'T ENOUGH

A Hamlin woman told us the other day that a relative who lives at Anson, after reading The Herald's first editorial about the county-wide hospital, remarked that "Your editor doesn't seem to want Anson to have a hospital, does he?"

If the Anson woman will reread our editorial she will observe that the first line of the article read: "Anson may need a hospital all her own." Anson now has a hospital some 20 miles away at Abilene. She has another one at Stamford, about 16 miles away. If these hospitals are not enough to care for her needs, then we believe she should build her a hospital.

These same hospitals at Abilene and Stamford and at Sweetwater, Rotan and other places nearby are not enough for Hamlin. That is why Hamlin is going to build a hospital all her own—so she can have hospitalization for her citizens close at hand when the occasion demands.

The only point Hamlin citizens are interested in is that we do not believe the entire county should be taxed to give Anson a hospital.

Of course, proponents of the proposed \$200,000 bond issue will tell you that the hospital will be a county-wide institution. Granted that be true, Hamlin still wants a hospital all its own. We are wondering how the Anson citizens would feel if Hamlin were to task all the county to vote bonds to build the Hamlin Hospital.

Again we say: Anson may need a hospital. But let Anson build the hospital with her own funds. How about a bond issue for the city of Anson to build the hospital?

FIRST WHEAT SOLD

First wheat from the 1946 crop was harvested Tuesday by Bert Whaley from his place eight miles northeast of Hamlin.

Grading 61 of No. 1 quality, the grain brought top market of \$1.70 when sold to the Fred B. Moore Grain Company.

Part of an 80-acre wheat tract on the Whaley place, the grain was averaging about 14 bushels per acre. Because of rain late Tuesday, harvest probably will be delayed for several days by wet fields. The crop is being combined.

HEREFORD GROUP FEASTS TUESDAY AT HAMLIN Y-6 RANCH

Spacious ranch home of Mrs. Fay Young Morton and her mother, Mrs. Julia Young, made an ideal setting for the feature of the first day of tour made Tuesday by members of the West Texas Hereford Breeders Association, when more than 200 guests snatched their lips over delicious barbecue and all the trimmings.

The luncheon was the principal stop of the entourage in a busy day of inspection of Hereford farms in the territory north of Abilene, from where the group started early Tuesday morning. Visits were scheduled to be made south and east of Abilene on Wednesday and Thursday.

Prepared by Will and Parnella Foster of Abilene, the barbecue was said by old-timers to be as tasty as any they had eaten for months. Plenty of buns, red beans, stewed apples, vegetable salad, green onions and radishes, with iced tea, coffee and cake, completed the menu. The meal was served on the south lawn of the imposing native stone ranch home, five miles north of Hamlin.

Musical numbers were offered by Lester Morton, Hamlin soloist, and Hereford Breeder Roy Largent of Merkel even proved he can warble a hefty tune.

Following the barbecue dinner the group went to pastures and pens north of the house to inspect fine Hereford cattle. Club calves of members of the Future Farmers of America chapter of Hamlin High School also were exhibited at the Y-6 Ranch pens under supervision of T. C. Blankinship, instructor.

An estimated crowd of 160 in the tour was augmented by members of the Hamlin Lions Club and other guests that made a total attendance of about 240 people.

Bank Deposits Fail to Show Usual Decreases

Reflecting continued stability of the Hamlin community, deposits in Farmers & Merchants National Bank have held up remarkably well, officials of Hamlin's bank stated this week.

Ordinarily at this time of year deposits have shown losses averaging about \$25,000 per day, Active Vice President Ted Russell said Tuesday. Deposits in the institution have remained around \$3,500,000 for several months, he declared.

With more than half a million dollars expected to come from the wheat harvest within the next four weeks, deposits should continue to hold up well, bank officials believe.

Independents Trounce Darkies in Initial Game

"Batter up!" resounded at the city ball park Sunday afternoon for the first time this season when an independent nine engaged a baseball team from the colored section. The whites held the long end of a 7 to 2 score at the end of nine thrilling innings.

Made up of high school boys, coaches and young business men, the independent group is managed by Benny Ford.

Roscoe will be the scene Sunday afternoon at 8:00 o'clock of the next game on the nine's menu. A squad from Trent will meet the locals at the city ball park here May 26.

Diplomas Go To 54 Hamlin High Seniors

COMMENCEMENT EXERCISES TO BE GIVEN BY GRADUATES IN THURSDAY RITES

Theme of "Our High School" will be used by the graduating class of Hamlin High School when they will be principals in their own commencement program next Thursday evening in the high school auditorium, it was announced this week by class officials. Exercises will begin at 8:15 o'clock Thursday evening.

Fifty-four seniors will receive diplomas during the course of the program, which will be presided over by Milton Johnson. "Reports" of activities of the school will be given by members of the class.

Complete program for the commencement exercises follows:

Processional, Mrs. L. B. Baker; invocation, Rev. John Osteen, pastor of Hamlin First Baptist Church; calling meeting to order by Chairman Milton Johnson; roll call and minutes, Elaine Kite.

Reports—"Our High School," Ida Frances Robertson; "The Arts and Science Courses," Dorothy Gene Huling; reading, "Life," Anna Margaret McBride; "The Vocational Courses," Mary Lou Smart; "The Commercial Courses," Wanda Lou Smith; "The Cultural and Fine Arts," Joe Clements; sextet, "Waltz of the Flowers" by Tschakowsky, Ida Frances Robertson, Elaine Kite, Joyce Culbertson, Anna Margaret McBride, Diane Carlton and Sharlot Riddle; "Physical and Recreational Training," Elizabeth Butcher; new business; presentation of credentials (diplomas); election of permanent officers; adjournment; and benediction, Rev. E. L. Yeats, pastor of Hamlin First Methodist Church.

Seniors slated to receive diplomas in the Thursday evening ceremonies are: F. D. Bagwell, Lindol Beard, James Brown, Elizabeth Butcher, Diane Carlton, Arthur Tom Carlton, Wanda Rose Carrigan, Joe Wayne Carter, Joe Clements, Joe Collins, Billy Coltharp, Joyce Culbertson, Zola Lee Faulkenberry, Glenna Fudge, Marion Gilbert, Roland Goodgame, Betty Jo Green, Jack Gray, Edwin Hill, Dorothy Gene Huling, D. C. Hughes Jr., Wilda Lou Jean, Milton Johnson, Elaine Kite, Margaret McBride, Larry McCoy, Sammy McNeely, Jessie Myers, Charles Newland, Mildred Phipps, F. W. Poe Jr., Bill Pritchard, Sharlot Riddle, Ida Frances Robertson, J. D. Rodgers, Bebe Shelton, Mary Lou Smart, Opal Smart, Wanda Lou Smith, John Harold Steele, Wesley Tabb, Lorene Tabb, Winnie Beth Teague, Elmer Terrell Jr., Nellie Turner, Yuel Ulmer, Jerry Waggoner, Wanda Austin, Maudie Beene, Elizabeth Taylor, Peggy Wainwright, Marvene White and Naomi Ruth Young.

One-Cent Increase For Bread Allowed Monday

One-cent increase in the wholesale and retail price of bread became effective in Hamlin, as well as all over the country Monday. One and three-cent hikes also became effective on rolls and buns.

The price hike was allowed bakers to partially take care of gradual increases in the wholesale price of flour. Despite gradual rises in the cost of flour and other ingredients, bakers have not been permitted to increase the price of their products.

C. J. Adkins Assumes Revenue Service Place

C. J. Adkins, formerly of Hamlin, has recently transferred from the War Department district engineers office in San Antonio and has now become a deputy associated with the Internal Revenue Service of the treasury department, with offices at Houston.

Adkins was discharged from the Army Air Force February. He was a recent visitor here with his sister, Mrs. D. D. Shelburne.

WOMEN

IN THE

NEWS

Bridal Shower Given For Faye Martin Roberts

A bridal shower for Faye Martin Roberts was held in the home of Mrs. Barney Beavers Friday afternoon of last week.

The house was decorated in red roses and Queen Anne lace.

Attending and sending gifts were: Mmes. Alma Tidwell, George Scott, J. Ubben, L. H. Hopper, Elva Horton, Carl Greenway, Milo Gray, E. H. Smith, Barney Beavers, L. R. Winkles, William Scott, George Martin, R. L. Scott, Lester Scott, Sit Clay Patterson, W. F. Green, Roy Kelly, Jake Farmer, Delbert Rountree, Leonard Altum, Charlie Sellers, W. R. Wilkerson, C. E. LaBaum, Elmer Anderson, Earl Crow, Frank Drennan, A. H. Abernathy, Ida Bruno, Claude Arnold, Frank Waggoner, Johnny Woods; Mr. and Mrs. Rank Martin, Inez LaBaum and Ida Jane Howard.

Mr. and Mrs. Roberts were married March 17. They will make their home at Los Angeles, California, in June when Mr. Roberts will be released from the Navy.

Mrs. Jim Richardson of Sundown and Mr. and Mrs. John Jenkins and son, Jimmy, of Hobbs, New Mexico, visited Mrs. O. L. Jenkins and Mrs. Lola Herbert Sunday.

EXHIBITS ART WORK

Twenty-seven pictures done in oils, pencil, water colors and pen-and-ink by Velma Lu Boyd of McCaulley, above, senior student at Abilene Christian College were presented in an art exhibit May 2 at Zelner Hall on the ACC campus. Daughter of Mr. and Mrs. Louis Boyd, Miss Boyd will receive her BA degree at ACC May 27.

Mr. and Mrs. Gene Robinson returned Thursday from a visit with his parents, Mr. and Mrs. John E. Robinson, at Tylertown, Mississippi. They also visited at Houston and New Orleans, Louisiana.

Frances Ubben of Hardin-Simmons University, Abilene, had as her guest here for the week-end Billie White of Lampasa. They visited with Frances' parents, Mr. and Mrs. J. Ubben.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

*Try Cardui. If it helps, you'll be glad you did.

CARDUI

Velma Lu Boyd Gives Art Exhibit at ACC

Velma Lu Boyd of McCaulley, senior student at Abilene Christian College, presented an art exhibit Thursday evening, May 2, in the parlors of Zelner Hall on the ACC campus. Approximately 200 guests attended the exhibit, which included oils, pencil, scratch-board, water colors and pen-and-ink.

Roses, daisies and cyclamen were used in decorating the room. Cake and punch were served to attendants. The centerpiece was a novel and attractive arrangement of an artist's palette, made of white net bound with border of corn flowers in pink and blue. The palette was leaning against a bowl of corn flowers.

In the receiving line were Miss Tittle, art teacher, Miss Boyd, Mrs. Sikes and Mrs. McFarland, dormitory matrons, and Mrs. Louis Boyd.

Assisting Miss Boyd were her close girl friends of the college.

After having registered, the guests were given programs on which were the names of the 27 pictures on exhibit. A musical program was softly rendered throughout the evening.

Miss Boyd, daughter of Mr. and Mrs. Louis Boyd, is president of the Art Club, president of the McDonald Hall Council, member of the Ellen Richards Club, Mission Study and Campus Service Organizations. She will receive her BA degree May 27.

Attending the tea from this region were Mrs. Boyd of McCaulley, Holman and Buford Griffin of Rotan, Mrs. O. D. Weathersbee of Old Glory, Johnnie Tipton of Anson, Mrs. Joe Boyd, Mrs. George Harrell and Harrell Boyd of McCaulley.

Teddy Russell returned last week from St. Louis, Missouri, where he had been visiting with friends.

Bits of News About Your Friends

Othell Murphree and Billy Dillard spent the week-end visiting friends at Stamford.

Mrs. J. C. Turner Jr. is spending the week with her parents at Wolters, Oklahoma.

Gerry Shira of Labbock visited her parents, Mr. and Mrs. Ezra Shira, over the week-end.

Mrs. Clyde Murray of Breckenridge spent the week-end with her sister, Mrs. Mayme Akers.

Mr. and Mrs. G. M. Thompson of Abilene spent the week-end with their daughter, Mrs. W. C. Moore.

Mr. and Mrs. Ray Willingham and daughter of O'Donnell visited their mother, Mrs. Minnie Willingham, Sunday.

Mr. and Mrs. Marvin T. York Jr. of Dallas were guests over the week-end in the home of Mr. and Mrs. M. T. York Sr.

Mr. and Mrs. Jack Russell and daughter, Jackie Sue, of Midland visited his parents, Mr. and Mrs. W. C. Russell, Sunday.

Verna Mae Colwell of Texas State College for Women, Denton, spent the week-end with her parents, Mr. and Mrs. B. B. Colwell.

Phala Davis was home from Texas Christian University, Fort Worth, to spend the week-end with her parents, Mr. and Mrs. Landon V. Davis.

Lieutenant and Mrs. Billy Pickron were here over the week-end en route to Arizona, where Lieutenant Pickron is being transferred from Louisiana.

Mr. and Mrs. Sol Branscum, Mrs. Edwin Branscum and Mr. and Mrs. R. S. Johnson spent the past week at Corona, California, visiting Edwin Branscum, who is stationed there.

Garden Club Slates Flower Show This Fall

Hamlin Garden Club met in the home of Mrs. F. B. Moore Friday, May 10.

Mrs. W. C. Russell led an interesting program. She discussed "Outdoor Living Room, a Necessity." She was assisted by Mrs. Delma Shelburne, who discussed "Day Lilies a Delight."

A committee was appointed to make plans for the club to have a flower show this fall. It was voted not to have the annual garden pilgrimage this spring due to the dry weather earlier in the season.

When roll call was answered the group found that many of our most beautiful flowers grow wild in production in Texas.

Comrades Class Meets In Davis Home Monday

Mrs. Albert Chandler and Mrs. Hilon Shields were assistant hostesses Monday evening when the Comrades Sunday School Class of the First Methodist Church met in the home of Mrs. L. V. Davis Jr.

Attending the monthly business and social gathering were Mmes. W. H. Eysen Jr., John D. Ferguson, Don Hymer, Loren Griffin, H. D. Burton, Alvis Hudson, Byron O. Bell, Ray Maberry, C. B. Phelps, Fred Hemphill, Buck Elder, J. Kent Jones, Homer Rainey, J. D. Rainey, Lewis E. Madden, Gordon Sproles, Marvin Madry, Jap Kemp and Pat Marlow; Mrs. E. M. Wilson, teacher, and Fay Stice.

CAMP FIRE GIRLS OF AREA CONTEMPLATE BIG TIME AT WESTEXACA NEAR LUEDERS

Highlight of the Camp Fire program in the West Texas Area Council of Camp Fire Girls will be the two sessions of Camp Westexaca to be held at the Lueders Baptist Encampment. The first session opens May 24 and lasts until May 28, and is for all Blue Birds and Camp Fire Girls who are still in grammar school of this area. The second camp, which is for the older Camp Fire Girls, will be held June 9 to 15.

Hamlin Girls Scout leaders indicated this week that probably 40 or 50 girls from Hamlin will go to the camp.

Registrations for the first camp will begin on Friday, May 24, at 3:00 p. m., with the opening assembly scheduled for 4:00 o'clock. Activities will be launched with a circus that is to be presented immediately following supper.

In addition to the three usual meals each day, the children will enjoy a mid-morning lunch, afternoon pick-up and a bed-time snack.

A typical day's program will be: Reveille, flag raising, camp capers (clean-up to you), morning sing, craft, mid-morning lunch, craft, lunch, siesta, craft, afternoon pick-up, craft, shower, flag lowering, supper, evening program, bed-time snack, prayer time, taps.

Fee for the camp will be \$5 for those who leave on Sunday night and

\$8.50 for the ones who stay until the camp closes on Tuesday. Mrs. Fred Stockdale, executive of the West Texas Area Council, with headquarters at Stamford, who will be director of the camp, has stated that the registration fee of \$1 must be sent to the Camp Fire Girls office, Box 902, Stamford, by May 18. Remainder is to be paid upon arrival at camp.

With every six girls there will be one adult. A competent staff of counselors for the activities is assured. This is the second camp of the West Texas Area, the first camp being held last summer. The camp committee in each town will provide transportation to and from camp for the girls. The towns that are eligible to attend this camp are Albany, Anson, Aspermont, Hamlin, Haskell, Jayton, Knox City, Munday Rule, Rochester and Stamford. Colorado City is also invited.

City Council Asks for Cooperation in Cleanup

Sustained efforts of the City Council to keep Hamlin clean are reflected in the following notice issued this week by the official body:

"The City Council asks for your cooperation in the proper manner of handling your garbage disposal. Help us to safeguard your health and to keep our alleys clean. We ask that each merchant make provisions ample to care for the garbage and trash until the regular pick-up time for the sanitary truck.

"Please place all old tires, trash and junk near the garbage can and it will also be moved. Merchants working in cooperation with each other in a central garbage can are asked to please be sure that each does his part in the proper maintenance. Let's keep Hamlin clean! Thank you."

Wishing You the Same.

Sharp received from his friend McGreen a letter which bore no stamp and he had to pay postage due. The letter concluded:

"You will be delighted to hear that I am enjoying the best of health, old chap, Yours, McGreen."

Sharp wrapped up a large stone, and, without paying postage, sent it to McGreen with the following reply:

"This great weight rolled off my mind when I heard the good news."

CRIPPLED WALK YET

"You'll ge a knee-climber yet," Dr. W. A. Criswell tells chubby 10-month-old Jack Blake of Dodson, now undergoing club foot correction at the Texas Scottish Rite Hospital for Crippled Children in Dallas. Dr. Criswell, successor to Dr. George W. Truett as pastor of the First Baptist Church of Dallas, will be principal speaker at the hospital's ninth annual memorial services May 26. The ceremony honors the men and women of Texas who have bequeathed legacies to carry on the humane work of the hospital. The services will be broadcast at 3:30 p. m. over radio station KGKO.

REINSTATEMENT OF G. I. INSURANCE IS AIM FOR CAMPAIGN

Contact service of the Veterans' Administration this week was seeking every veteran who has let his G. I. insurance lapse to offer reinstatement without a medical examination. Hamlin area veterans were urged to take advantage of the reinstatement privilege.

Robert W. Sisson, Lubbock Veterans' Administration regional manager, said success of the campaign would result in invaluable service to thousands of veterans.

Ex-GIs can now reinstate policies without a medical examination, regardless of how long they have been out of the service, provided their health as grown no worse during the lapsed period, Sisson said.

"This liberalization is only effective until January 1, 1947," he has pointed out. "Time is running out for many of these veterans, and we must use every means to inform them of this priceless opportunity."

We feel like a cannibal every time we eat oysters.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

THE WHEAT FARMER GETS A BREAK

Hamlin area wheat farmers got a break first of the week in announcement from Washington of a new ceiling price that reflected increase of 15 cents per bushel for wheat. A five-cent increase was permitted for oats, 26 cents for corn, nine cents for barley and 10 cents for rye. The action came as a joint move by the Office of Economic Stabilization, the Department of Agriculture and the Office of Price Administration.

The 15-cent-per-bushel increase makes the current price for No. 1 wheat at Hamlin \$1.70 per bushel. This is the best price for wheat in many years in the United States. The price level is the first major break the wheat farmer has had in making his crop give him the returns in proportion to production of other agricultural products. The \$1.70-per-bushel quotation will permit the wheat grower to keep somewhere nearly up with the costs of things he has to buy.

Designed primarily to remove the uncertainty concerning price ceilings between now and June 30, 1947, the hike also will encourage movement of grain for foreign and home use and bring the number of livestock into "proper balance" with feed balances. If it accomplishes its aim of reducing the number of livestock, it will mean more meat for consumers now, but less later.

HAMLIN BUILDS WITHOUT HULLABALOO

Stable, consistent building is a habit with Hamlin. Even newcomers to the area have been aware that this northwest Jones County metropolis has enjoyed a steady growth for months and months. When business houses and residences are under construction practically the year-around we are prone to take the progress of our town for granted and not realize that our home town is growing gradually and solidly.

We do not know of any town anywhere that is steadily growing any more than Hamlin, when the original size of the town is taken into consideration. The natives have only to go to other towns to see that they, too, are building, but Hamlin is holding its pace with all of them.

Right now there are several major business projects underway in our town. Old buildings are being repaired, and new ones are going up on virgin soil that has never support business property. There are at least a dozen residences going up in our city limits at this writing, a few of them being other buildings that were moved or second-hand materials being utilized in them.

Hamlin is growing—don't you forget it! Drive around and look your town over often. Don't pass up an opportunity to tell others—especially your out-of-town friends—that we are on the move.

WE ARE OUR BROTHER'S KEEPER

The peril of peoples of the world brought on by food shortages cannot be taken lightly by the Christian nation of America. We are our brother's keeper—no matter the color, race or creed. A nation with plenty is honor bound to share what it has with those nations who have not.

True, we are in no wise responsible for the plight of the nations of Europe and Asia who are short of food. Some of the nations were our enemies in the recent war. But all are human beings with souls and bodies, even though those souls and bodies are blighted by fiendish desires, un-Christian aspects on life, greed and murder.

Every U. S. family wastes one slice of bread a week. If each family saved one slice of bread a week this would add 2,000,000 loaves a week to the world's bread pile. If, in addition, the average citizen ate one piece of cake and one slice of bread less a day it would save enough to provide bread for 20,000,000 people for six months.

If every Hamlin citizen saved one slice of bread a week, it would add 175 loaves of bread to the current bread-saving campaign.

The U. S. housewife holds a strategic position in this world battle for bread. Above all, she can save bread by using every crumb. She can also substitute potatoes for bread. Contrary to general opinion, this substitution need not cause her to worry about her figure as potatoes, if eaten without the usual added milk or butter, are no more fattening than bread.

WHAT CONTEMPORARIES ARE SAYING

CONSIDER, NOW, THE PASTURE

America's untilled acres these days are teeming with four-legged life as vast numbers of cattle are being turned out for grazing. While this activity gets but a few lines in country weeklies and seldom finds its way into big city newspapers, the annual renting of pastures to livestock operators has a very important bearing on the economic life of the United States.

For a nominal sum, the cattle owner is enabled to feed his herd economically through the summer and ready it for fall marketing through an intensive grain-rationing process, thereby achieving maximum poundage at minimum cost. Nor is the practice confined to those who make a business of buying and selling livestock. In this era of diversified agriculture, almost every sizable farm has its grass tract where a dozen or so cattle are pastured, and they go a surprisingly long way toward augmenting the country's meat supply.

Because it doesn't produce bumper crops of corn or wheat, the pasture to the layman's eye may seem a "frozen asset." But this is far from true. Through feeding millions of cattle, it indirectly provides employment for hundreds of thousands, from packing house, tannery and shoe factory workers down to the village cobbler who repairs footwear. The pasture is a little noticed but indispensable part of our economy. May it never be plowed!—Christian Science Monitor.

A gal stood on the dock watching troops come in, and purred happily: "My! but they look male and hearty!" She's a sister to the gal who sang: "I want a girdle just like the girdle that fooled my dear old dad!"

God gives manhood but one clue to success, utter and exact justice; that, He guarantees, shall be always expediency.—Wendell Phillips.

Justice is itself the great standing policy of civil society; and any departure from it, under any circumstance, lies under the suspicion of being no policy at all.—Burke.

It's fun to chase a girl, but the problem is to get one willing to run. Girls naturally don't pursue men, any more than mouse traps pursue mice.

REV. CRAWFORD TO BE SPEAKER FOR GRAMMAR GRADS

Rev. J. T. Crawford, pastor of the Hamlin Church of the Nazarene, will be the principal speaker at graduation exercises of the Hamlin Elementary School next Friday evening, May 24, in the high school auditorium. Exercises are slated to begin at 8:15 p. m.

Members of the graduating class will be featured in program numbers for the evening preceding Rev. Crawford's address.

Following invocation by Rev. Paul Joyner, Lavon Stewart will give the class salutatory on the topic "Camp Fire Girls." "Valse Bleue" by Margis will be rendered as a piano solo by Barbara Turner. Donna Gayle Miller, class valedictorian, will speak on "Franklin D. Roosevelt." A trio composed of Fern Smedley, Ruth Pearson and Barbara Turner, will

WAR SECRETARY GREETES MAID OF COTON

Secretary of War Robert H. H. Goddard welcomes Gwin Barnwell of Gastonia, North Carolina, and Greenwood, Mississippi, the 1946 Maid of Cotton, to Washington by showing her an exhibit of the weapons used by American fight-

ing forces during World War II. During her visit to the nation's capital the maid visited many high government and military officials. She was featured model in a congressional cotton fashion show at the Shoreham Hotel.

LIONS TO SPONSOR DONKEY BASEBALL CLASSIC TUESDAY

When announcement was made in Hamlin Wednesday that the Hamlin Lions Club would sponsor a donkey baseball game Tuesday night at the city ball park, President Art Carmichael of the civic club hastened to explain that the fellows wearing the caps would be the Lions.

Being promoted to add additional funds to the Lions Club's glasses fund for children with deficient eyesight, the contest will be played at the city ball park in southwest Hamlin beginning at 8:00 o'clock. Opposing team will be made up of other Hamlin business men.

Admission to see the one hour and a half display of sporting skill and donkey riding will be 50 cents for adults and 25 cents for children. Even the players will be required to buy tickets, club leaders stated.

Declared by promoters to be "better than a rodeo and funnier than a circus," rules for the baseball game follow:

All players, except pitcher and catcher ride mules. When the batter gets a hit he must mount his donkey and ride around the bases in proper order—if he can. There are no strike-outs or walks. Fielders must ride to within a step of the ball before dismounting and must remount before throwing the ball.

A softball is used, with nine players on each team. The game plays five to seven innings.

Twelve trained mules are furnished by the Panhandle Company of Crescent, Oklahoma. These mules have played more than 1,000 games of donkey ball in 16 central states.

Present Demands Only.

Prospective Father-in-Law—"See here, young man, are you sure you can support a family?"
Suitor—"Well, no, sir. I was just planning to support your daughter. The rest of you will have to shift for yourselves."

NOTICE OF ELECTION

The State of Texas, County of Jones: To the legally qualified voters of Hamlin Consolidated Independent School District and Carlton Common School District No. 53:

Take notice that elections will be held within Hamlin Consolidated Independent School District and Carlton Common School District No. 53 on the 25th day of May, 1946, at the places and on the proposition more fully set forth in the order of the county judge of Jones County, Texas, substantially as follows, to-wit:

On this the 3rd day of May, 1946, there were presented to me a petition signed by W. C. Russell and 33 other legally qualified voters of Hamlin Consolidated Independent School District and a petition signed by J. E. Johnson and 24 other legally qualified voters of Carlton Common School District No. 53, which petitions prayed for a consolidation of said districts and the issuance of an order for an election for that purpose.

I find that the petition signed by W. C. Russell and others was signed by 31 legally qualified voters of Hamlin Independent School District, and that the petition presented by J. E. Johnson and others was signed by 20 legally qualified voters of Carlton Common School District No. 53.

I further find that Hamlin Consolidated Independent School District is situated partially within Jones County and partially within Fisher County, that the principal portion of said school district and its properties are situated in Jones County and that Jones County has jurisdiction over the principal school of Hamlin Consolidated Independent School District.

I further find that said petitions are in compliance with the law and should be granted.

I have been advised that a petition for an election on the same proposition has been presented to the county judge of Fisher County on behalf of Plasterco Common School District No. 36 of Fisher County, and that said judge is issuing an order for such election to be held on May 25, 1946.

It is therefore ordered:

1.—That an election shall be held in Hamlin Consolidated Independent School District and in Carlton Common School District No. 53 on the 25th day of May, 1946, at which time there shall be submitted to the legally qualified voters of said districts the following proposition:

"Shall Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, Texas, and Plasterco Common School District No. 36 in Fisher County, Texas, be consolidated for school purposes and be known as Hamlin Consolidated Independent School District?"

2.—The place for holding the election in Hamlin Consolidated Independent School District shall be the Hamlin High School Building. The following officers are hereby appointed to hold said election in Hamlin Consolidated Independent School District: Holly Toler, presiding judge; Mrs. A. Spencer, assistant judge; Mrs. Fred C. Smith, clerk; Mrs. James E. Simmons, clerk.

3.—The place for holding the election in Carlton Common School District No. 53 shall be Radium Gin Office. The following officers are hereby appointed to hold said election in Carlton Common School District No. 53: F. W. Poe, presiding judge; M. E. Carlton, assistant judge; J. E. Johnson, clerk; J. E. Taylor, clerk.

4.—All legally qualified voters of said districts shall vote in the district in which they reside.

5.—The form of the ballots for said elections shall be as follows:

OFFICIAL BALLOT
For consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

Against consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

Each voter shall draw a line through one of the above expressions thus leaving the other to indicate his vote.

6.—Notice of said elections shall be given by posting a copy of this order in three public places in each of said districts.

Issued this 3rd day of May, 1946.—Gilbert Smith, County Judge, Jones County, Texas. 28-2c

sing "Till the End of Time" by Kaye and Mossman.

Following Rev. Crawford's address, graduation certificates will be presented to members of the elementary graduating class. Benediction will be pronounced by Harold Bonner.

"Chuck" McCurdy visited with his parents, Mr. and Mrs. R. H. McCurdy, Sunday.

NOTICE OF ELECTION

The State of Texas, County of Fisher: To the legally qualified voters of Plasterco Common School District No. 36:

Take notice that an election will be held within said Plasterco Common School District No. 36 on the 25th day of May, 1946, at the place and on the proposition more fully set forth in the order of the county judge of Fisher County, Texas, substantially as follows, to-wit:

On this the 3rd day of May, 1946, there was presented to me a petition signed by J. O. Lewis and 27 other legally qualified voters of Plasterco Common School District No. 36, which petition prayed for a consolidation of districts hereinafter mentioned and the issuance of an order for an election for that purpose.

I find that the said petition was signed by 28 legally qualified voters of Plasterco Common School District No. 36.

I further find that Fisher County has jurisdiction over the principal school of Plasterco Common School District No. 36.

I further find that said petition is in compliance with the law and should be granted.

I have been advised that petitions for an election on the same proposition have been presented to the county judge of Jones County on behalf of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 of Jones County and that said judge is issuing an order for such election to be held on May 25, 1946.

It is therefore ordered:
1.—That an election shall be held in Plasterco Common School District No. 36 on the 25th day of May, 1946, at which there shall be submitted to the legally qualified voters of said district the following proposition:
"Shall Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, Texas, and Plasterco Common School District No. 36 in Fisher County, Texas, be consolidated for school purposes and be known as Hamlin Consolidated Independent School District?"

2.—The place for holding the election in Plasterco Common School District No. 36 shall be the Club House. The following officers are hereby appointed to hold said election in Plasterco Common School District No. 36: Mrs. J. W. Riddle, presiding judge; Anna B. Sills, assistant judge; Mrs. N. L. Crowley, clerk; Mrs. H. M. Rawlins, clerk.

3.—All legally qualified voters of said district may vote in said district.

4.—The form of the ballots for said election shall be as follows:

OFFICIAL BALLOT
For consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

Against consolidation of Hamlin Consolidated Independent School District and Carlton Common School District No. 53 in Jones County, and Plasterco Common School District No. 36 in Fisher County.

Each voter shall draw a line through one of the above expressions, thus leaving the other to indicate his vote.

5.—Notice of said election shall be given by posting a copy of this order in three public places in said district.
Issued this 3rd day of May, 1946.—Roy F. Forman, County Judge, Fisher County, Texas. 28-2c

Final Exams Scheduled At Schools Next Week

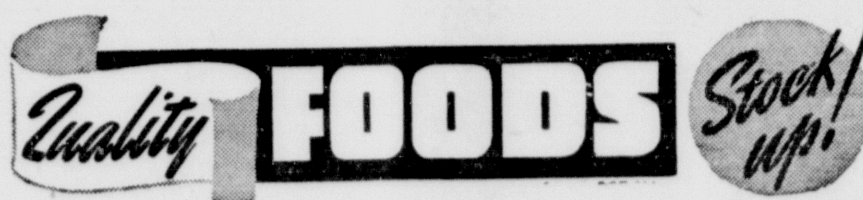

Final examinations at both Hamlin High School and the grammar school are scheduled for Tuesday and Wednesday of next week, school officials said this week. Thursday will be a work day for teachers, when no pupils will attend school. Reports are to be given out at 1:30 o'clock next Friday afternoon.

No buses will operate after next Wednesday, Superintendent I. R. Huchingson announces. Reports of pupils who live on the bus routes and do not come for them Friday will be mailed out to reach the parents on Monday following.

CEMETERY ASSOCIATION NEEDS FUNDS TO MAINTAIN GROUNDS AND IMPROVE SITES

Call for additional funds for maintaining Hamlin cemeteries was made this week by officials of the Hamlin Cemetery Association. They point out that it has been difficult to keep the last resting place of Hamlin area people clean for some time, due to the lack of proper support by those whose loved ones buried in the plots.

Since the recent rains the weeds and grass are getting a bad start again in the East Cemetery. Keeping the graves and other grounds at the cemetery is a tremendous task, it is pointed out.

Approximately one-half of the lots have been kept clean for the past year with money from monthly dues by members of the association. Announcement was made this week that effort would be made to keep the entire cemetery worked through the next few months, but more money will be needed to carry on the work.

"If you are not subscribing to this work on a monthly basis," associa-

tion officials declare, "will you not please help us out by paying for working your lots? Any amount will be appreciated and is needed badly."

During the last few weeks the plot known as the North Cemetery has been fenced, re-surveyed and all lots numbered and present mounds reworked. A cattle guard has been built at the entrance, and right-of-way from the highway has been purchased. Soon lanes will be graded in the cemetery. Officials state that about 300 new lots will be available in the North Cemetery.

Development of the north plot, located one mile north of the Katy depot, has been made necessary because the East Cemetery has little space available for graves. A number of old-timers of the section are buried in the North Cemetery, including Hamlin's first mayor, Judge C. W. Shannon.

Efforts are still being made by cemetery association officials to relieve the water situation at the East Cemetery. Much needed extension of lines cannot be made because of inability to secure pipe for the project. As soon as the materials are available, proper provision will be made to install adequate water systems at the cemeteries.

NO MORE SCORCHING

No longer need American homemakers fear scorching of favorite garments by hot irons. The National Cotton Council reports that the chemically treated cotton cloth shown in the picture permits steam pressing at home with a regular iron. Garments and fabrics on which hot irons cannot be used directly can be pressed easily by placing the cloth over them. The treated cotton offers protection against shine, scorch or wetting, yet the live steam penetrates to give a professional finish.

Week's Services Slated At Foursquare Church

Church calendar for the week beginning Sunday, May 19, at the Foursquare Gospel Church has been released by church officials as follows:

Sunday—Sunday School at 9:45 a. m.; worship service, 11:00 a. m.; Crusader service (young people), 6:30 p. m.; evangelistic service, 7:30 p. m.

Tuesday—Prayer meeting at 8:00 p. m.

Wednesday—Prayer and praise service, 8:00 p. m.

Friday—Bible study, 8:00 p. m.

Saturday—Junior Crusaders, 2:00 p. m.

Endorsed and Cashed It.

A tightwad traveling salesman sent his better half a check for a million kisses as a birthday present. He was considerably upset when a few days later he received the following letter:

"Dear Jim: I can't begin to express my appreciation of the check you sent me on my birthday. I presented it to the milkman this morning. He cashed it."

NEW CLUB PROJECT CALVES EXHIBITED AT HEREFORD TOUR

Plenty of fine stock is in the making by club boys of Hamlin, declared veteran Hereford breeders of West Texas, who viewed 11 head of young calves that are being started for next years projects by members of the Future Farmers of America chapter of Hamlin High School. The calves were on display at the Y-6 Ranch when Hereford breeders of the area made a noon stop Tuesday at the Hereford ranch north of Hamlin.

Under supervision of T. C. Blankinship, vocational agriculture teacher at Hamlin High School, the boys had their calves lined up at the big lot of the Y-6 Ranch.

Exhibitors, with names of their calves, and breeders of the animals exhibited Tuesday, follow:

Ike, exhibited by Alton Kite, bred by I. M. Chism of Albany; Dynamite, exhibited by Jack Willingham, bred by C. M. Gay; Mike, exhibited by Jack Willingham, bred by Tarleton Willingham; Curly, exhibited by J. M. Wells, bred by C. M. Gay; calf exhibited by F. W. Poe Jr., bred by F. W. Poe Jr.; Chubby, exhibited by Dale Brown, bred by C. M. Gay of Moran; Larry, exhibited by Callens George, bred by Y-6 Ranch; Turner's Pride, exhibited by Callens George, bred by Turner's Hereford Farms of Sylvester; and Freddie, exhibited by A. J. Swenson.

Cotton at the Crossroads.

Cotton is at the crossroads. Vigorous, daring leadership can save it. The producing, processing and merchandising of cotton in this country are too important to "die on the vine."—P. D. Sanders, Editor, The Southern Planter.

"Genie

with the light brown whiskers?
—PHOOEY!"

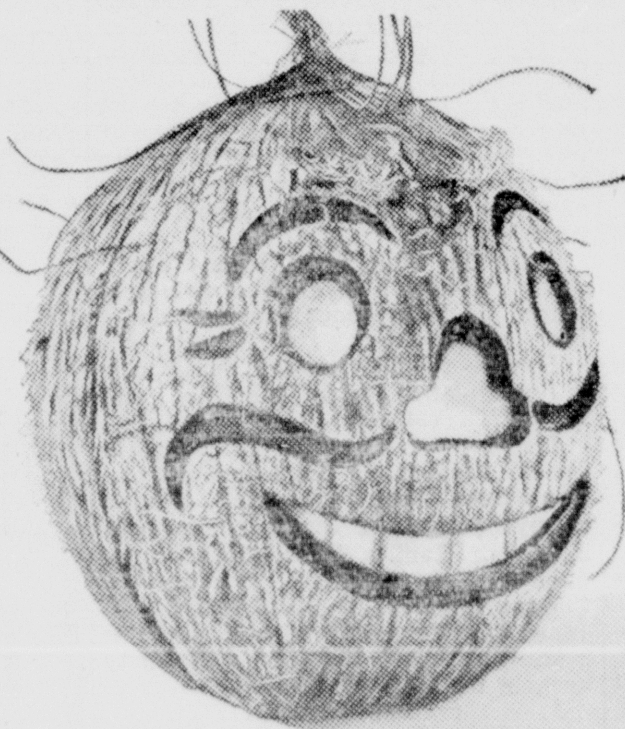

Remember the story of Aladdin, his lamp, and the corny genie? That goon doesn't even belong in the same league with me. Why I could give him cards and spades and still come up with more miracles per kilowatt hour that he could perform in a thousand and one nights.

My trouble is that you folks take me for granted. When I heat your electric iron, or chill your refrigerator, or clean your rugs, you expect it of me. But let that dopey genie do anything and right away somebody writes a book!

But don't think I'm going to sulk. I'm used to being taken for granted. I'll go right on being at your service, day and night. But I just had to get this gripe off my chest. Gosh, all that fuss over some old genie!

Reddy Kilowatt

West Texas Utilities Company

Maybe you aren't this big a nut about cars

Maybe you're able to resist taking your engine apart—as long as it runs swell. That's generally enough for most anybody—no matter how curious he is to see Conoco Nth motor oil in the act of OIL-PLATING the engine's insides.

OIL-PLATED engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner sur-

faces. This is accomplished by the magnet-like action of an added material in Conoco Nth oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. This time, with this new car, they want to start out right. . . . And should an older car logically have anything less than the safeguard of OIL-PLATING! Then get Conoco Nth motor oil—at Your Mileage Merchant's Conoco station—now. Continental Oil Company

COMING! THE ORIGINAL PANHANDLE DONKEYS IN AMERICA'S FUNNIEST GAME

DONKEY BALL

A Spill!...A Laugh!...A Thrill!...A Minute!

BETTER THAN A RODEO!—FUNNIER THAN A CIRCUS!

RULES:—All players except pitcher and catcher ride mules. When the batter gets a hit he must mount his donkey and ride around the bases in p. order —if he can. There are no strike-outs or walks. Fielders must ride to within a step of the ball before dismounting and must remount before throwing the ball. Soft-ball is used. Nine players on each team. Game plays 5 to 7 innings—approximately one hour and a half.

12 trained Texas mules furnished by the Panhandle Company, of Crescent, Okla.

THESE MULES HAVE PLAYED MORE THAN 1000 GAMES OF DONKEY BALL IN 16 OF THE CENTRAL STATES. FROM THE GULF TO CANADA IN SIX SEASONS AND THIS IS ONE OF THE FIRST TEAMS TO PRESENT DONKEY BALL.

Explanation and account of game will be broadcast over a loud-speaker!

Teams of business men and prominent citizens of this community.

HAMLIN SENIORS ENJOY 3-DAY TOUR OF STATE SHRINES

Texas shrines and other points rich in historical lore are now a part of the seniors of Hamlin High School—if the graduates were true to the poet's assertion that "I am a part of all I have met."

The group of half a hundred, tired but wiser, returned home Sunday evening about 8:00 o'clock after a several-hundred-mile trip by bus to Austin, San Antonio and other points of interest.

On Friday morning, 50 seniors from Hamlin High School, plus seven sponsors, boarded school buses to journey to Austin and San Antonio.

The group arrived in Austin late Friday and went directly to the beautiful Barton Springs swimming pool. Later, after having eaten, the group found various diversions, including movies and a carnival.

On Saturday morning seniors and sponsors arose early and visited the capitol building, most of the group climbing up past the dome. They also visited the Texas University campus.

Saturday afternoon saw the group en route to San Antonio, where they visited the old Buckhorn Saloon, which has been turned into a curio shop, the Alamo and other points of interest.

On Sunday morning the group explored the Longhorn Caverns near Burnet, and from this point began their journey back to Hamlin. Arriving in Hamlin about 8:00 o'clock, the group was quite frankly a weary and worn lot, but a very happy one.

Sponsoring the group were Mrs. Mary Farrow, Marguerite Nobles, Mrs. C. F. Butcher, Mr. and Mrs. Joe Culbertson, Mrs. L. H. McBride, and High School Principal H. P. McLaughlin. Mr. May and Delbert Kite drove the buses.

Fat Bugs, Lean Livestock.

Livestock lose when bugs eat cotton. On the average, insects annually destroy enough cotton to produce 864,000,000 pounds of cottonseed meal and 520,000,000 pounds of hulls, both badly needed for milk and meat production.—National Cottonseed Products Association.

Limiting the Climate.

The club members were bidding farewell to one who was leaving for India. In the conversation a friend said: "It gets pretty hot in India at times. Aren't you afraid the climate might disagree with your wife?" The man looked at him reproachfully. "I: wouldn't dare."

ASKS ELECTIVE TERM

Associate Justice Graham B. Smedley of the Texas Supreme Court announced this week his candidacy for an elective term on the court. Judge Smedley, for years an assistant attorney general, was promoted to voting membership on the high court last September by the adoption of the constitutional amendment which created a nine-member Supreme Court.

Petitions Filed to Put J. D. Pickens' Name in Representative's Race

Petitions were filed Thursday with J. Clarence Johnson of Anson, Jones County Democratic chairman, and with John H. McGaughey of Albany, Shackelford County Democratic chair-man, to place the name of J. D. Pickens of Anson on the ballot as a candidate for the nomination to the office of state representative of the 115th District, comprising Jones and Shackelford Counties.

The petitions, containing more than the required 25 signatures, were accompanied by the filing fee assessed by each county.

Pickens served in the 49th Legislature, but on account of his business had made public his statement several weeks ago that he would not be a candidate for reelection. When advised of this action he stated that he would abide the wishes of the people.

Pickens, a native of Jones County, served in both the Army and Navy. He is now secretary of the Jones County Draft Board, is in the real estate business and formerly served Jones County two terms as county treasurer.

Smart Aleck Repaid.

A young lady walked into the post office, stopped at the wicket and asked for a three-cent stamp. The clerk was not in a very good humor, and he snarled, "This is the information window; can't you read?"

The lady proceeded to the proper place, purchased her stamp and returned, "You say this is the information window?"

"Yup."

"Well, if I mail this letter tonight will it be in Dallas tomorrow?"

"Sure."

"That's funny. It's addressed to San Antonio."

GRAMMAR SCHOOL GRIDDERS MAKE IT TWO MERKEL WINS

Squad of the Hamlin Mice, future Pied Pipers from the junior high school, showed the junior footballers from Merkel how the game is played when they trounced the lads 13 to 12 Saturday night for the second time within a week. The game was played at Merkel.

The Hamlin boys scored first in the initial quarter when Donald Green skipped around right end for 10 yards and a score. Joe Dean plunged through the line for the extra point. Merkel scored early in the second quarter, but missed the extra point. Hamlin led at the half 7 to 6.

Merkel opened the second half by driving 60 yards for a touchdown, but again failed to cash in on the extra point, but went ahead of the Mice 12 to 7.

Early in the fourth period the Mice received the ball on their own 40-yard marker and without losing the ball scored, Dean making the last 10 yards on a scamper over left tackle. The extra point was missed.

At the end of the game Merkel was trying desperately to score, but the Mice were still biting.

FOUR METHODISTS GO TO CLYDE FOR DISTRICT CONFAB

Four Hamlin Methodists attended the annual session last Wednesday of the Abilene Methodist District Conference, held at Clyde. Pastor and Mrs. E. L. Yeats, Mrs. J. O. Sauls and Mrs. Brad Rowland represented the Hamlin First Methodist Church at meetings.

The district church leaders listened to inspirational addresses, licensed one candidate to preach, heard glowing reports of church growth and voted unanimously to prosecute the last phase of the McMurry College building and endowment fund campaign during May, June and July and apply proceeds, along with that of the other eight Northwest Texas Conference districts, on a \$250,000 memorial dormitory for men.

Roby was selected as the 1947 meeting place upon invitation of its pastor, Rev. Claude E. LeMond.

LeMond was elected secretary, and Rev. R. H. Campbell of Baird was named assistant secretary.

At noon Wednesday Clyde Methodists fed approximately 250 ministers and delegates from the district.

District superintendent of the district reported that four new churches and two parsonages are under construction in the Abilene district. One of the parsonages is at Hamlin.

Dr. Carter compiled the membership growth of the district since conference in November. It showed 330 additions on profession of faith and 597 by certificate, or a total of 927, a record for all time up to this date. Many summer revivals are yet to be held.

Stamford-to-Ericksdahl Road Work Scheduled

A Jones County stretch of highway figured in proposed construction by the State Highway Department, bids for which will be opened by the highway unit May 21 and 22, according to announcement from Austin.

Farm Highway 142, leading 10.90 miles from Stamford to Ericksdahl community will get grading, drainage structures, flexible base and single asphalt surface under provisions of the call for bids.

We'd like to nominate Reno as capital of the Great Divide.

of the atom bombs that hit Hiroshima and Nagasaki. (1) Produces intense heat, gamma rays; (2) followed by terrific air pressure. (3) Somewhat later water is agitated. (4) Heat boils water. Gamma rays emitted. (5) Terri-

fic air and water pressure. (6) Gamma rays. Torrent tosses ships. (7) Intense heat and water pressure. (8) Tossing damages wrecked hull. (9) Blast leaves vessel a total loss in few seconds.

Lone Star Gas Concern Proposes Expansion of Facilities Over System

Growth of the territory served by Lone Star Gas Company demands expenditure of millions of dollars in service facilities this year, D. A. Huley, president of the company, has announced. He said more than \$8,294,000 has been budgeted for construction and equipment over the gas system comprising 300 thriving towns and cities, one of which is Hamlin.

Among reasons for this huge expenditure, he explained, is the addition of 18,500 new meters last year, the equivalent of two cities, one the size of Waco and the other the size of Temple, each meter representing a family. The last five years the company has added 78,175 customers, equal to the number in Fort Worth, Wichita Falls and Waco combined. Mr. Huley said this indicated the healthy growth of the territory. He also said many new industries are expected.

These millions will be poured out to benefit the whole area just as rapidly as materials and men are available, the gas company head declared. Following are the principal expenditures:

Street mains, service lines, meters, regulators, replacement and other facilities for serving customers in the towns and cities, \$2,000,000.

Pipe line construction from gas fields to the cities to tap additional gas reserves, \$2,156,000.

Drilling wells to insure adequate gas supply for many years, \$1,270,000.

Expansion of butane facilities for

Legion Plans Barbecue At City Park Monday

All ex-service men of all wars and their ladies are invited to attend the barbecue supper being staged by the Hamlin post of the American Legion Monday evening at the city park. Eats will be served, with plenty of trimmings, beginning at 7:00 o'clock, according to Joe Curbertson, commander of the post.

Post officials state that a little matter of business will be conducted following the get-together and feast.

Santa Claus is the only man who pays any attention to silk stockings when they are empty.

Visiting in the Harold Bonner home this week were V. D. Bonner of Sweetwater and his brother and family, Mr. and Mrs. Lester Bonner and daughter, Montie, of Denson, Arizona.

gas service beyond the gas mains so more people on farms may have city gas service, \$433,000.

Dehydration, cycling and gasoline plants to treat the gas and promote conservation, \$1,360,000.

Replacement of existing facilities, such as automotive equipment and machinery, \$865,000.

Purchase of leases for future development, \$210,000.

School Tax Rolls Show Increase Over Last Year

Tax rolls for the Hamlin Independent School District are being completed by H. O. Carter, assessor and collector for the district. Renditions reflect a nice gain in valuations over last year's values, Carter states.

An equalization board has already begun work on adjusting values in the district which probably will raise the total assessments. A number of renditions in the district are out of line, school officials indicate, and the board will endeavor to equalize these in their deliberations.

BOY SCOUTS LOOK TO ANNUAL CAMP AT BUFFALO GAP

Boy Scouts of the two Hamlin towns are greening their interest in Buffalo Gap since arrival in the area this week of the 1946 bulletin Camp Tonkawa, which is the property owned and operated by the Bohm Trail Council, Boy Scouts of America.

New facilities at the area camp this year will include a new swimming pool of the very latest construction, eight new troop camp sites including latrines, wash facilities and mail ring.

Council officials in the Abilene office announced that they were expecting an attendance of some 40 Scout troops from over the county with an estimated attendance of Scouts and Scouters.

Hamlin Scout leaders indicated last week that probably 40 boys would attend from the local troops.

Jones County boys have been assigned a camp period of June 2 to 8, other counties sending boys at the same time are Coleman, Callahan, Kell and Runnels.

Highlights from the camp bulletin reproduced for Herald readers: health, safety, wise leadership, and companions, wholesome recreation and good Scouting are pledged by authorities at Camp Tonkawa.

Without a doubt, Camp Tonkawa is one of the most beautiful locations for a Boy Scout camp in West Texas. The camp is ideal for Scouting purposes—55 acres of rolling, wooded land and a fine new swimming pool constructed to meet the most rigid regulations. Many trails out and through the adjoining area make it a place worthwhile.

Meals have been approved by a registered dietitian, the drinking water tested by the State Health Department, and only pasteurized milk is served at meals. The camp is inspected regularly by the health and safety committee, and their recommendations are carried out.

She Needed to Be Prepared.
The book salesman knocked at the door of Mr. Jones' house. "Nothing today," said Mrs. Jones.

"But, madam," he insisted, "I have something here that is bound to interest you. 'The Husband's Friend: Five Hundred Reasons for Staying Out Late.'"

"What makes you think that book would interest me?" asked Mrs. Jones angrily.

"Well," said the salesman, "I sold a copy to your husband on his way to the station this morning."

HERE'S WAY TO BUILD UP RED BLOOD to get more STRENGTH if you lack BLOOD-IRON!

You girls and women who suffer from simple anemia that you are pale, feel tired, weak, "dragged out"—this may be due to lack of iron in the blood.

So start right away—try Lydia E. Pinkham's TABLETS—one of the best and quickest home ways to help build up red blood to get more strength and energy—in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy. Just try them for 30 days—then see if you, too, don't remarkably benefit. All drugstores.

Gosh, No—Not for a Horse!
A friend who enjoys the costly but nonetheless exciting sport of "improving the breed" brought us this yarn straight from the horses' mouths. Two thoroughbreds were talking over a coming race. "I'm going to win it!" one of them declared. "I've simply got to win it." "How come?" said the other. "I've never known you to take a race that seriously before." "Well," said the first, "my owner said to me, 'Look here, old man, you win this race and there'll be 30 extra bales of hay for you!'" "Thirty bales!" exclaimed the second. "No wonder you want to win. That ain't money!"

Plans to Expand Room At Baptist Church Told
Officials of the Hamlin First Baptist Church were figuring with carpenters this week for enlarging the seating capacity of the auditorium in the structure. Balcony space, boarded up several months ago for classrooms for the Bible school, probably will be cleared and new upholstered opera style chairs installed. Other improvements for the church slated for the summer include air conditioning installation and purchase of an electric organ, members of the committee state.

Suspicious of the Occasion.
A couple of negroes were walking along a Washington street when they were startled by the scream of a police siren and the roar of eight motorcycles preceding a long black car. Impressed by the number of police, one of the negroes asked his companion who was in the car. "Why, you ignoramus," said the second, "dat am de president of the United States and Mr. Winston Churchill." "Yah," said the first, "what dey done?"
California is the only state we've visited where they had liquid sunshine.

Service Messages Reduced.
Announcement was made last week by Jim Howard King, local Western Union agent, that greetings and EFM messages will be sent to men in the service anywhere in the world for 60 cents.

DARKER FLOUR TO OFFER NO BAKING SUCCESS PROBLEM

When Hamlin area people heard about the new 90 per cent extraction flour, very likely many wondered if you could use it successfully in baking. That is the question most of us asked. Will we have to change our recipes for bread, cakes and pastries to get good results with the new flour?

"Food specialists of the U. S. Department of Agriculture," says Hannah Nabors, county home demonstration agent, "have been testing some samples of the new flour." They have made regular biscuits, muffins and plain cakes. And they offer these suggestions:

Follow your own recipes, as usual, unless the flour manufacturer gives some specific direction for his particular product. In that case, follow the directions that come with the flour.

You may want to do a bit of experimenting yourself. If the dough or batter seems a little soft, you may want to add a very little flour or subtract a very little bit of liquid. Some of the new flour may call for these adjustments.

But take it from the food specialists, you do not need to worry about using the new 80 per cent extraction flour when you bake at home. Results in USDA's food testing laboratories have proved quite generally acceptable.

And the experts say that the cook who could make a tasty biscuit and other baked products with the flour she used in the past can turn the same trick with the new.

Nowadays when the boss tells the late arriver that he should have been in the office at 9:00 o'clock, he usually gets the answer, "Why—what happened then?"

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

DANIEL ANNOUNCES

Captain Price Daniel of Liberty, speaker of the Texas House of Representatives in 1943, will be a candidate for attorney general in the coming Democratic primary, according to Fagan Dickson, former assistant attorney general under Gerald Mann and Grover Sellers, who made the announcement this week following a series of conferences in Austin.

Excusable Under Circumstances. "But the officer says that while you were in a drunken state you tried to climb a lamp post." "Yes, I did; but three crocodiles had been following me about all night, and they were getting on my nerves."

JONES COUNTY DID NOT KEEP PATTERN IN COTTON YIELDS

Jones County did not follow the state pattern in cotton production last year. The smallest cotton crop was produced in the state in 1945 since 1889, according to revised estimates of the crop was released this week by the United States Bureau of Agricultural Economics at Austin. Jones County's production officially was 42,098 bales, as compared with 1944 production of 39,932 bales. Estimate for the state of Texas is 1,794,000 bales from 5,900,000 acres. Cottonseed production totaled 730,000 tons.

Meanwhile, the bureau announced that average prices for cotton in Texas are the highest since 1923. The price advanced two cents during the month ended April 15 to average 24.4 cents a pound. This compares with 18.9 cents a pound last year and a 1935-1939 average of 9.94 cents a pound.

NEWS NOTES FROM SYLVESTER

MRS. J. M. MONTGOMERY, Correspondent

Mrs. J. Paul Turner and Mrs. W. Turner were in Abilene Fri-

Mrs. Goodrum of Rotan spent several days last week in the home of daughter, Mrs. Tracy King.

Joe Wright of Slaton was in town last week visiting friends and relatives. Mr. Wright lived here for several years.

Mr. Brown, father of Buford Brown, was carried to the Roscoe hospital Monday.

Plasterco played softball here last Wednesday afternoon and Neinda today. Sylvester team won both games.

Mr. and Mrs. Andrew Josey visited relatives at Sylvester over the week-end. Lula Josey of Amarillo has been visiting her brother, A. L. Josey, and family.

Mrs. Hugh Hood and Mrs. G. A. Hood were in Sweetwater Saturday.

Attending the funeral of Mrs. Doc Cabaness at Cisco Saturday were Mr. and Mrs. H. C. Cabaness, Mrs. G. L. Cabaness and Mrs. J. W. Turner. Mrs. Cabaness was the former Jessie Cabaness and was well known here.

She was a sister of Mrs. H. C. Cabaness.

Mr. P. and Wayne Pursley and families of Roby were Sunday visitors at Sylvester.

Rita Beane and Wimo Lou Harris spent the week-end at Lubbock with Evelyn Beane, who is attending Texas Technological College.

Visitors in the Milton Montgomery home Mother's Day were Mr. and Mrs. J. P. Montgomery, Mr. and Mrs. Aubrey Hollis and children of Sweetwater, Mr. and Mrs. W. K. Allen and Jo Ann Montgomery of Abilene.

Visitors in the home of Rev. and Mrs. A. B. Ormstrong have been Mr. and Mrs. Billie Armstrong and chil-

dren, Mr. and Mrs. J. F. Armstrong, all of Abilene, and Mr. and Mrs. F. P. Cribbs and children of Odessa. Mrs. Ted Pursley of Homestead, Florida, is visiting in the home of her mother-in-law, Mrs. A. W. Pursley.

Mrs. E. C. Smith has been ill and her mother, Mrs. Sanders, is with her.

Mr. and Mrs. H. T. King and children spent Sunday at Rotan with relatives.

Eldon and Homer Pursley were at Graham Friday.

Bob Beard and Milton Montgomery were in Abilene Monday afternoon on business.

Staff Sergeant and Mrs. Morris Roquemore and Colleen Roquemore spent Sunday at Sweetwater.

Mrs. Annie Bell Estes is visiting her sister, Mrs. A. L. Spann, and Mr. Spann.

What a Friend!

Chaim met his friend Moishe on the street one day, and noticed that pain was written all over Moishe's face. He stopped him in concern.

"Moishe, what on earth is the matter?" he demanded.

"My shoes are too tight and hurt my feet," was the reply.

"Then why don't you get comfortable ones?"

"Hm! Fine advice! My wife is sick, my children don't have enough to eat, the government thinks up all kinds of taxes to levy on me, I have troubles in business all day long, and my only pleasure in life is when I get home in the evening and take off my tight shoes. And he advises me to get comfortable ones!"

\$100,000 More Yearly.

Approximately 250 members of a Youth One-Variety Cotton Community who plant about 2,200 acres in cotton annually had a 1938-45 average value per acre of lint and seed of \$90.75, compared with the state average of \$45.78. Premiums for better staple and extra yield amounted to \$820,500 in eight years or over \$100,000 annually.—From Georgia Extension Service Report.

Mr. and Mrs. Harold Bonner had as their guests last week-end her mother, Mrs. J. W. Clark of Sweetwater, and her brother and family, Mr. and Mrs. Clyde Clark and children, Marilyn and Darrell, of El Paso.

THESE WOMEN!

By d'Alessio

"Miss Finchley is extremely efficient—she makes such clean-cut mistakes!"

NEW ADVANCE OF 15 CENTS PER BUSHEL ON WHEAT MAKES HAMLIN CEILING \$1.70

New ceiling prices for wheat this week gave grain growers of the Hamlin area a top price of \$1.70 per bushel for No. 1 wheat. The government announced jumps in the ceiling prices of wheat, corn and other grain and livestock feeds last week-end in a new effort to remedy the food situation at home and abroad.

Increase of 15 cents per bushel for wheat, which, added to the prevailing local price of \$1.55 per bushel, became effective Monday. One purpose is to get grain for the famine areas of the world.

Increases also were 26 cents per bushel for corn, five cents for oats, nine cents for barley and 10 cents for rye.

The action was announced in a joint statement by the Office of Economic Stabilization, the Department of Agriculture and the Office of Price Administration at the close of a day that saw these other developments bearing on the world food picture:

1.—The white house announced that Herbert Morrison, lord president of the council in the British cabinet, is coming here this week-end to take up with President Truman new proposals for meeting the hunger crisis abroad. The grain price increases were announced after diplomatic informants had said he might urge against such tactics.

2.—Sir John Orr, director general of the United Nations food and agriculture organization, called for an international four or five-year plan for the long pull against famine.

3.—President Truman and the British and Canadian prime ministers announced that the combined food board will be continued until next December 31 and longer if necessary, in view of the critical food situation. It had been thought the board might wind up its work by June 30.

The grain and feed price hikes were aimed to remove uncertainty concerning price ceilings between now and June 30, 1947, encourage movement of grain for foreign and home use and bring the number of livestock into "proper balance" with feed balance.

If it accomplishes its aim of reducing the number of livestock, it will mean more meat for consumers now, but less later.

The 30-cent wheat bonus, offered on last year's crop to get the grain off farms for famine relief purposes, will continue until May 25 as originally scheduled. Hamlin buyers ex-

plained that this bonus would not apply to this year's crop, as some growers had understood.

Both the bonus and the 15-cent increase for wheat will apply during the May 13 to 25 period.

Hamlin grain dealers declared this week that there was little of last year's wheat stored in the section, so the 30-cent-per-bushel meant little to this section.

COACHES PLEASED WITH MICE AS THEY TAKE FINAL MELEE

"A hustling, fighting bunch of young football players," was comment of Hamlin High School Coach L. B. Howard, when asked what he thought of his sixth and seventh grade squad after they completed a vigorous spring series of games Tuesday night at the city ball park.

The locals won Tuesday night's finale from the Roby hopefuls by a 20 to 7 score. The game was called at the half because of the rain, but was chalked up as an official win.

Joe Allen Dean, quarterback for the Mice, scored all three Hamlin markers, making two in the first quarter and one in the second. His first touchdown came on a six-yard end run. A four-yard line buck tallied the second score, and a three-yard line plunge accounted for the

third touchdown. Donald Green did the extra point duties in two tries out of three.

Roby's marker came on the second kick-off when the Roby receiver scampered down the field behind interference for 60 yards and pay dirt. Plunge over the line by Roby accounted for the extra point.

When the wife found a blonde hair on our coat the other day we told her not to worry because it wasn't ours.

POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

M. A. Darden of Girard spent last Tuesday night in the home of the George Dardens.

Ernest Hendon of the Navy, who is now stationed at Galveston, is visiting in the home of his mother, Mrs. Lee Hendon, at McCaulley.

Mr. and Mrs. Jack Perryman of Sweetwater were Mother's Day visitors in the home of his mother at McCaulley.

Just a few more days of school in McCaulley. The junior play at the school house last Friday night was very good and a packed house enjoyed the well acted play.

Sergeant James Parker, wife, son and daughter visited his mother and other relatives and friends at Hamlin and McCaulley last week-end. James is stationed at Oklahoma City in the U. S. Army Air Force.

Lieutenant and Mrs. W. H. Pickron Jr. visited their parents at Hamlin and McCaulley last week-end. They were en route from Shreveport, Louisiana, to Phoenix, Arizona.

Mr. and Mrs. Charlie Abbott visited his mother in McCaulley last Sunday. Mother's Day.

The writer visited his parents on Mother's Day at Girard.

Mr. and Mrs. W. W. Miers and sons, Howard Miers of Lamesa and Mr. and Mrs. Nash Miers of Hobbs, visited their parents, Mr. and Mrs. S. E. Miers, on Mother's Day.

Visiting in the home of Mr. and Mrs. John Dean over the week-end were their two sons and daughter and families. They were Mr. and Mrs. Buford Dean and daughter of Dallas, Mr. and Mrs. Granville Dean and daughter of Fort Worth, Mrs. Thelma Estes, husband and daughter of Dallas. Also in the Dean home Sunday were Mrs. Dean's two nephews from Lubbock, who were Mr. and Mrs. Curg Walters and Jesse Lee Walters. Both nephews have just recently returned from overseas duty. Other visitors in the Dean home Sunday were Mrs. Charley Elvens and Annie Berry of Fort Worth, Mrs. Blair Berry and daughter, Mrs. Louise Cooper of Rotan and Mr. and Mrs. Milo Gray and daughter of Sylvester. Fourteen guests were served at a Mother's Day dinner in the Dean home. Thanks

to J. S. Dean for a year's subscription to The Herald.

Visiting on Mother's Day in the home of Rev. and Mrs. C. E. Dick were Mr. and Mrs. C. E. Dick Jr. and Mr. and Mrs. Doc Carter of Crosbyton.

Mary Ann McCollum, student at McMurry College, Abilene, spent Sunday in the home of her parents, Mr. and Mrs. Levi McCollum.

GENERAL COMMENTS

Hitler and Mussolini could not have precipitated this world war if it had not been for the aid they received from big bankers and their allies, the industrial overlords. Now we are once more laying plans for peace and economic stabilization. Will we permit our financiers and industrialists, hungry for profits, to pave the way for another world war, as they certainly paved the way for this world war?

Propaganda can't do much harm if it is labeled "propaganda." It becomes dangerous when it is passed out as news or comment by "experts."

The nation's debt to those who fought and won the war can only be redeemed by making good our sacred pledge that the war shall be the last world war and according to the living the fullest opportunity for a decent living.

The Southern Democratic and black Republican majority in Congress would do well to take a lesson from Parliament and remember the recent defeat of their contemporaries in the British elections.

The insurance companies are down to the last \$300,000,000 worth of property they acquired through mortgage foreclosures during the depression, according to Roger Budrow, financial editor of the Indianapolis News. In other words, the insurance companies cleaned up \$3,000,000,000 worth of property by throwing people out of their homes during Hoover's administration. What a shame!—A Darden-O-Gram.

Superintendent Attends Area School Gathering

Superintendent I. R. Huchingson of Hamlin Schools was among attendants at the confab of superintendents and principals of District No. 8 which met Tuesday at the Windsor Hotel in Abilene for a discussion of federal aid to schools and organization of a school work shop.

J. W. Edgar, superintendent of Orange Schools, appeared on the program to discuss with the group the question of federal aid for schools. R. L. Williams, Sweetwater city schools superintendent, discussed the plan of the superintendents' organization for a school work shop.

Work on Building for Laundry Nears Finish

Work on the Bowen Pope building, just south of The Herald building, was nearing completion this week as carpenters were installing celotex ceiling in the 125-foot-long structure facing Central Avenue. Concrete floors were completed last week, and major work remaining on the building this week was plastering of walls and installation of doors and plate glass windows.

Clyde Huff, who will open a steam laundry in the building as soon as equipment is available, stated that it was uncertain when the new business could be opened. Some of the machinery is now in Dallas ready for shipment.

Even after we all have walkie-talkies we suppose someone will still cut in and say "Your five minutes are up."

Three Stellar Features Promised at Reunion

Hamlin area people are reminded this week that three stellar attractions at the 1946 Texas Cowboy Reunion include the cutting horse contest, the sponsors' contest, and the chuck wagon meals which are available to all during their visit to the reunion. Dates of this year's three-day celebration fall on July 2, 3 and 4.

The cutting horse contest originated with the Texas Cowboy Reunion, and is a regular ranch chore during the course of operation.

We've just discovered that when a fellow offers you an eye-opener he's not referring to a clock.
